

Voters To Cast Primary Ballots Saturday

The race for Randall County commissioner in precinct 3 and the race for the state legislative seat in the 65th district will command the most interest of voters Saturday in party primaries.

Four Democratic candidates are vying for the position on the county commission being vacated by Commissioner Glen Dowlen.

The candidates are Bob Henry, Raymond Batenhorst, Charlie Donnell and Paul Lindsey. The 65th legislative seat is being contested in both the Republican and Democratic primaries. Rhett Plank and Bob Slough are the candidates on the Republican Ballot and Hudson Moyer and Bryan Poff are the candidates on the Democratic ballot.

Two candidates filed for Randall County tax assessor-collector. They are Ronnie Posey, Democrat, an Amarillo attorney, and Mrs. Audrey Bruse, the incumbent, a Republican. Graham Purcell, Democrat, and Bob Price, Republican, are the candidates for U.S. representative from this district. Max Sherman, Democratic incumbent for state senator, Sheriff L. S. (Slim) Johnston, Jim Fletcher, commissioner in Precinct 1, and Farrell Randle, candidate for constable in precinct 1, will run unopposed.

Herbert O. Willborn, Democrat, and Mrs. Janet Parnell, Republican, are running for a seat on the state board of education. Marion Bruce is running for chairman of the Democratic party and Tom Price is running for chairman of the Republican Party.

The candidates for precinct chairmen for the Democratic Party are: Precinct 1, Melvin Schaeffer; Precinct 2, R.B. Gist, Jr.; Precinct 3, Mrs. Erwin Davis; Precinct 5, Joe Gidden; Precinct 7, A.W. Lair; Precinct 8, Mrs. James Lamb; Precinct 9, Thomas J. Dacus; Precinct 10, Harold Erwin; Precinct 11, Wayne Bagley; Precinct 12, Mrs. Mary Miner; Precinct 16, T. A. Serrier; Precinct 17, Dwaine Mires; Precinct 19, Mrs. Joy Watson; and Precinct 21, Ed Fletcher.

The candidates for Republican precinct chairmen are: Precinct 6, Zem Neill; Precinct 7, Joe Jaquess; Precinct 9, Don Myers; Precinct 13, Ben H. McMullin; Precinct 18, Stanley K. Davis; Precinct 19, Raymond G. Foster; and Precinct 20, Brooks Wilson.

He is a farmer with land south-east of Canyon, and will continue his farming duties if elected. His father also worked for the county for 20 years. Paul Lindsey, farmer and cattleman, has served as volunteer (See VOTERS, Page 7)

Board To Issue \$800,000 In Bonds

The South Randall County Hospital Board will issue \$800,000 in revenue bonds to finance the new \$1.5 million 50-bed hospital.

The board made the decision at a special called meeting Tuesday night. In mid-March the board was offered a \$1.1 million Hill-Burton loan in lieu of the grant

requested by the board.

Hospital Administrator Ray Grimes said Tuesday since the Hill-Burton program does not look favorable, the board decided to finance the construction on its own.

The architect, O'Connell and Probst of Austin, was given the go-ahead to begin stage one of

the detail planning of a new facility at the board meeting.

Plans are to build the hospital facility on 10 acres of land on 4th Ave. between the property of West Texas State University and the National Guard Armory.

Bob Davis of Columbia Securities of San Antonio was also given the go-ahead to sell

\$800,000 in tax bonds voted last summer.

The board decided to sell at this time because of the favorable interest rates available. Grimes said the interest rate is as favorable at the present time as can be expected in the near future.

The interest rate at the present time, 5.38 per cent, is considerably less than the interest rate of 6.5 to 6.75 per cent in effect when the bonds were voted.

Grimes said this lesser interest rate would decrease the demands on the taxpayers for debt retirement.

The revenue bonds will not increase taxes as they may not be

retired by tax money. The retirement of the revenue bonds must come from revenue from the operation of the new hospital, Grimes said.

Grimes stated the details of the revenue bond issue would be worked out in the near future.

The disadvantages of the Hill-Burton loan would outweigh any advantages, Grimes declared. The interest rate would not be too favorable, the length of time necessary for application approval would be extremely long, and the red-tape and governmental requirements would be severe, Grimes explained.

Last summer, Randall County

voters established the hospital district and approved a bond issue to finance half of the proposed hospital to be constructed in Canyon.

The present Neblett Hospital had been warned of losing its accreditation because of outdated construction. An accreditation team visited the hospital in April but no decision of the team has been announced.

Grimes noted the quality of the hospital is not deteriorating but the standards set for accreditation have been systematically raised over the years and the Canyon hospital is in danger of being left behind.

Mr. and Mrs. Miguel Tarrab, Canyon residents, proudly display the Stars and Stripes after officially becoming United States citizens during ceremonies in U. S. District Court Monday at Amarillo. Miguel, 49, known affectionately as Mike, is an associate professor in math at West Texas State University.

Both he and wife, Marie Dolores, couldn't "find words" to express the emotion they shared when they swore to uphold the U.S. Constitution and became citizens after long years of anticipation.

Tarrab Is 'Citizen'

By LEWARD HOOD

Miguel (Mike) Tarrab is an American—and proud of it.

Really, he's been one for a long time...

Monday, it became official. He took the oath required to become a citizen of the United States. His wife and daughter, too, became citizens during colorful ceremonies held in U. S. District Courtrooms at Amarillo.

Mike is well-known among Canyon residents as an asso-

ciate professor of mathematics at West Texas State University.

He's known as a good citizen, as well as a good math teacher. Said his colleague, Ples Harper: "I think he's tops. He's a very capable instructor, and he has a rich background in the work he's doing. He told me two or three days ago, with great joy, that: 'I'm getting to become a citizen on Monday...I'll no longer be an alien.'"

Bill Hillen, another of Mike's

friends, said of the new citizen: "He's a good American; he defends this country. He was so thankful when he became a citizen. If we had more like him, we'd be better off."

He became a citizen beside wife, Marie Dolores (Lolita), and his daughter, Maria Michele, a sophomore student at WT. He said all three wept with happiness as they stood beside the Stars and Stripes and swore to die if necessary for their country.

Just as he is no stranger to freedom, he knows all about tyranny and oppression. He's traveled to virtually every nation in the Free World, and to the Soviet Union and to Red China.

The native Cuban, living with his sister, Alicia, at 402 Lair Lane, once, he said, "I negotiated with the Red Chinese; they're shrewd, very shrewd; they're just waiting for us to bleed ourselves to death in South Vietnam and they're trying to create as much division as possible in our—and this is the first time that I speak as a real American citizen—our country."

This man treasures his freedom, he says he will never "take it for granted."

Mike said: "Look at Cuba. Cuba is now a jail, and the people are extremely unhappy with Castro, because there are no economic and political freedoms there. Out of six million people in

Bobby Hudson Asked To Resign As Chief

Bobby Hudson has been asked to resign as West Texas State University chief security officer—a post he has held since 1963.

Hudson said the request for his resignation to become effective July 1 was made Wednesday by Dr. T. Paige Carruth, university vice president for student affairs.

"I don't know whether I'll resign or not," declared the university security chief. "I haven't made up my mind yet. I just don't know."

Hudson said Dr. Carruth gave two reasons for asking him to quit.

He quoted the vice president as saying the university was embarrassed by the Chambers inci-

dent and that there was dissatisfaction among security department employees with him as security chief.

Hudson broke the news to members of the university security department at 4 o'clock Wednesday afternoon. There was no comment from the administration on the matter.

Dr. Carruth was in Lubbock Wednesday night and could not be reached.

"I am bitter about the whole thing," declared Mrs. Hudson. "My husband gave a lot of our lives to that university and now for this to happen...I just

Self-Service Gas Okay

Ordinance Struck Down

The Canyon City Commission in regular session Monday struck down an ordinance which had banned self-service gasoline stations here; authorized an exploratory letter with a request to join a TOPICS traffic program; and discussed possibility of eventual construction of an overpass or "grade separation" at 15th Street and the Santa Fe Railroad tracks in northwest Canyon.

City Attorney Elton Cox brought about the death of the ordinance when he told commissioners, "the courts have held that whenever state law and city ordinance conflict, the state prevails." He had also advised the group that said ordinance—number 367—has been dubbed Unconstitutional.

"This ordinance is not enforceable," Cox declared, noting self-service gasoline stations require an attendant on duty, just as other stations do, and good safety practice is required, such as posting of "no smoking" signs to

warn motorists.

Secondly, Commissioners heard a presentation by a representative of the Texas Highway Department, Ed Timmons, who explained the federally funded, state-funded TOPICS program, designed to increase traffic capacity of main thoroughfares and traffic safety in cities—in this case a program applicable to all cities under 50,000 population.

Timmons at first pointed out the proposed program—should Canyon join—involves "heavy regulation" by the Federal Highway Administration.

The TOPICS program would

Precincts Wrong ?

By ELAINE PEEPLES

Commissioner Bill Butler contended Monday the map of commissioners precincts recorded in the official minutes of the commissioners court was not the one approved in September, 1969.

"The lines are wrong. I don't care if you (speaking to County Clerk Le Roy Hutton) did draw it," Butler said.

The controversy arose over the boundary line between Jim Fletcher's precinct, precinct 1, and John Fulgenzi's precinct, precinct two.

Residents in voting precinct 9 had asked Beacon Road be paved and Fletcher and Fulgenzi both contended the road fell in their precincts.

The boundary between the two precincts as recorded in the minutes and as understood by Fulgenzi is Washington Street.

Commissioners Fletcher and

Butler contended the boundary line should be the Canyon Expressway.

When Hutton contended the map is drawn exactly as the commissioners approved it Sept. 8, 1969, Butler retorted, "I don't know where you get you all, I can't help it because you all can't draw and type."

Butler said the commissioners would have to change the boundary of the two precincts to make the Expressway the boundary.

Butler contended the arrangement is not practical any other way. "It is no major catastrophe but it ought to be changed back the other way."

Commissioner Glen Dowlen who presented the redistricting plan to the court in 1969 said, "I'm going to stay out of this. I know where my precinct is."

Hutton said the map contained in the minutes came from Judge Carroll Brown's office and

Judge Brown approved the map by indicating so in writing on the front of the plan.

Butler said, "I think the fact the commission is not aware if it (the boundary lines) is an indication something is wrong."

Hutton said the boundary of the two precincts under law cannot be changed until July or August and would not affect the voting this year.

Changing the commissioners' precinct boundaries would also entail changing the boundaries of voting precincts nine and ten, he said, because voting precincts cannot be split in two commissioner precincts.

About 90 per cent of the voters in precinct 9 live east of the expressway, Hutton said, and he did not believe 50 voters would be left in voting precinct 9 as required by law if the expressway was made the boundary.

FROM THE

CANYON RIM

I'm going to stick my neck out and do a little predicting for Saturday's election.

Keep tab on me and see how many I miss.

Of keenest interest will be the county commissioners race here, of course. There are four candidates for the Precinct 3 post.

Two former mayors are pitted against each other. They are Charlie Donnell and Paul Lindsey and it looks like they may be in a run off.

Others running are Bob Henry and Raymond Batenhorst. Henry is a young man but he comes from a well known Canyon family and will poll some votes just as will Batenhorst who is a prominent and active citizen of Umbarger.

Donnell and Lindsey are better known in the populated areas, however, and this gives them a vote-drawing advantage.

All over Precinct 3 this hotly contested race is going to affect the number of votes cast in the Republican primary.

People who ordinarily would vote in the Republican primary will be going to the Democratic primary instead in order to participate in choosing a county commissioner.

I understand that local races will affect primary choices of many voters in Potter County also. This will have a bearing on the race for the legislature, 65th District.

In the legislative race I'm going to pick Bryan Poff, the incumbent, over challenger Hudson Moyer.

Moyer was embarrassed midway in the campaign when it became public knowledge that he

had drawn \$3,000 worth of postage stamps as expenses in the waning days of his 8-year tenure in the legislature.

Records in Austin reflect that Moyer drew \$1,500 worth of stamps Oct. 16, 1970 and another \$1,500 worth Dec. 31, 1970 less than two weeks before his final term as a legislator drew to a close.

Moyer had been defeated by Poff in the May primary that year.

Poff says he has been unable to find his Democratic opponent in order to quizz him about what he did with the stamps records show him to have drawn.

Moyer has not shown up at two political rallies in Canyon-one on the WTSU campus in recent weeks.

I think that this, coupled with the fact that Poff was recently appointed to the powerful House appropriations committee makes the incumbent an easy winner Saturday.

I have been under the impression that Rhett Plank would be an easy victor over Bob Slough in the Republican primary race for a November ballot spot for the legislature, 65th District.

Both Plank and Slough have been working hard in Amarillo and this is where the votes are in the legislative race.

I think Plank is better known than Slough having been a candidate for criminal district attorney here two years ago.

I look for Dolph Briscoe and Ben Barnes to wind up in a run-off for governor.

But don't count Preston Smith out completely. He may have one

of the top spots when the smoke clears away. Polls have shown him as out of it but remember Harry Truman in 1948.

And Smith and Truman have a lot in common.

I see Ralph Yarborough winning over Barefoot Sanders although I don't like the idea one bit. Yarborough re-learned some things two years ago when he was defeated by Lloyd Bentsen and don't forget that he has some hard core support.

Sanders again is the victim of too little exposure. Yarborough is well known.

The Democratic precinct conventions are going to be fun this year.

I understand that McGovern and Wallace representation both will be out in force at some of them. It should prove lively.

Chamber Polls Students On

West Texas State Campus

Seventy one percent of students polled at West Texas State University plan to vote in their homestate while 22 per cent plan to vote in Canyon.

Other questions included in the poll taken by the Chamber of Commerce concerned residence, board of regents, the drug problem, marijuana use, and the attitude of the Canyon community toward the University.

The poll was conducted on the campus in March and April by the Canyon Chamber, according to Director Roland Black.

Number of students polled was 2,296 or 36 per cent of the spring enrollment at WTSU.

The question of local, state,

and national elections also revealed five percent did not respond to the question.

Twenty seven per cent of the students felt the Canyon community was very hospitable in accepting students in the community and 15 per cent felt the community was negatively oriented toward the university.

Forty nine per cent felt the community did not offer enough recreation for students, thirty nine per cent said the eating facilities are not adequate and thirteen per cent thought Canyon reasonable in its prices.

Twenty eight per cent were generally satisfied with Canyon as a university town. Fourteen

ONE HUNDRED SIXTY-four people will be busy Saturday, but not too busy to take time out to vote in the primary elections. That is the number of eligible voters in this precinct, and more than likely most of them will take their voting privilege seriously.

A CANDIDATE FROM this precinct is Raymond Batenhorst who is running for county commissioner. Raymond has spent the past few weeks canvassing the county with a lot of help from his daughters.

IF YOU ARE still not sure how to vote Saturday, the League of Women Voters Guide can be found at several businesses in town, including the bank and the drug stores. The publication lists the candidates from both parties and tells their positions on several issues.

MR. AND MRS. W. P. Jansen entertained guests from DePere, Wisc. last week. Mr. Jansen's cousins, Mr. and Mrs. Felix Garsow and Mr. and Mrs. Vess Cavil stopped at their home while en route to Old Mexico. The two couples will also tour other states before returning home.

Podzemny, Miss Hefley
Named Valuable Players

BY PAULINE HEFLEY

A BIG CONGRATULATIONS to Mike Podzemny and Jodi Hefley who were honored Friday evening last at the Canyon Boosters Club All Sports Banquet. Mike received the award in boy's basketball for the second year and is the first boy ever to receive such an honor for two consecutive years. And, Miss Jodi was the first young lady to receive the M.V.P. award in Girls Tennis. Mike and Jodi, we're real proud of both of you. We in the North end of the Canyon School District continue to be proud of the contribution our young people make in the overall Canyon system.

OUR SYMPHONY SYMPATHY is extended to Joan, Linda and Susan Yousi in the death of their husband and father, Roland H. Yousi.

SEEMS AS THOUGH that Canyon Symphonic Band continues to bring home the honors, the most recent of which are a "One" in Sightreading from the Greater Southwest Music Festival held in Amarillo this last Friday. The band was under the capable direction of J. W. King and those from this area who let their time and talent be seen and heard were Cindy and Kurt Johnson, Sherry and Linda Ford, Bryan and Larry Young, DeAnn Holmes, Ken and Kathy Cantrell, Mike and Phillip Tucker, Brian Dodson, Arthur Speer, and Quentin Ely. I am sure some of the students received individual ratings for playing same, such as Jodi Hefley a "2" rating on the harp, but we do not have those to report. But congratulations to all the students who were involved and we know this represents lots of hard work and in some instances a sacrifice of some of the more fun, frivolous things in life.

THAT CHARLES PURCELL on Arden Road recently spent one week with 62 other bodies (all adults) down at Athens at a Boy Scout Training Session. Understand this retreat is by invitation only and there were nine from Amarillo attending. Charles says this is actual in-the-field campouts. He reports a real good time and actually saw some good rain one night that made for wet tents and wet people, but they still managed to get the fires started. Isn't it great that our big bodies will take off from their income—producing involvement to go and learn how to teach our little bodies some of the more pleasant things in life, like how to start a fire without matches, and then the little bodies can bring to mind when they are big bodies all in a huddle and bustle how they spent many nites camped out in the woods, etc. Thanks to you all who are helping in storing away these pleasant dreams.

Carl's wife, Mattie had been down to visit her sister in Garland, Edith Ruyle, who had been under the weather, but is doing better now, and Mr. E. picked up Mattie and they motored by to

visit with Carl's brother, Alvin, who lives in St. Joe, and then by to see Carl's sister, Mrs. Jack (Evelyn) Fengelo in Montague. They report a nice time, even went fishing, but didn't catch fish, but saw some rain which has been scarce as hen's teeth in this neck of the woods. Edwardses Travel In Camper; Gary Atkerson Home On Leave

BY VICKI HOOKER

WHEW! IT'S FINALLY over! Yes, The Canyon News subscription Contest came to an end Tuesday night as all the Contestants gathered for a little party at The Canyon News and received their checks. It's been a long, but interesting four weeks, and I would like to personally Congratulate all the winners and I'd also like to thank Troy Martin, Margo Fields and Joan Castelman of the Canyon News for giving all of us the opportunity to win some extra money, and for all their help and hard work during the Contest. They all did a great job.

AGAIN, THANKS TO all of you who helped me in the contest. However, just because the contest is over does not mean I can't sell. I'd still be more than happy to sell you a subscription!

OUR NEIGHBORS LENA and Lum Edwards returned home last weekend after spending two fun-filled weeks in their new Camper. Their first stop was Pearidge, Ark. Where they visited some friends, Mr. and Mrs. Shell Gulley. The Gulleys are familiar to many Palisades folks because they used to play "42" down here when they lived

in Claude.

NEXT THE EDWARDSSES travelled to west Plains, Mo., to do some fishing at Beaver Dam. But unfortunately, 8 inches of rain fell the three days they were there and the wind was too high to do any fishing. Lena said the rein came so hard and fast that one day they had to wait 2 hours for the water to go down before they could cross a bridge!

FROM MISSOURI THEY came back to Oklahoma City and spent one night (the only night they spent out of their camper) with Lena's sister, Mrs. Ruby Bell.

WE'RE GLAD THEY'RE home and had a safe trip, and we know that Lum is glad to be home so he can work on the roads!

HOME ON A ten-day leave is

Onnie Atkerson's brother, Gary, who is a Chief in the Navy. Gary has been in the Navy 18 years and is presently stationed in Honolulu. He plans to retire in 2 years and this will be his last trip home until then.

WHEN HIS LEAVE is up, he will return to Pearl Harbor for a while, then will be transferred to Australia. Estelle, Onnie's wife, thinks this will be right up Gary's alley because he loves to hunt and fish.

WHILE HE IS here, he will spend a couple of days with Onnie and Estelle, and hopefully he and Onnie will get to do some fishing if Onnie can get off work. We hope they have a good time and enjoy being together.

YOU REMEMBER LAST week I mentioned that Garland Turner's brother, Paul was here from California. As the week wore on, Garland's brother was the center of attention at a dinner given last Sunday in his honor at Garland and Mildred's. About 50 relatives came to see him. Most of them were from Amarillo, but some came from Childress and some from Holbert, Okla. Everyone enjoyed the get together, according to Garland. Paul will be leaving today

to return to California.

THE MAY DAY Luncheon in Canyon last Monday was a really nice affair and those of you who missed it missed out on a lot of good food and entertainment. Each Club presented its Woman of the Year with a silver bon-bon dish and a Corsage. Our Woman of the Year, Jo Delle Walker, looked lovely (as she always does) with her corsage of yellow daisies, and we were very proud of her. We were sorry that many of you could not come. Maybe next year?

LULE AND WANELL Childers, grandson, Michael Brown, has been staying with them since January. His parents were stationed in Panama, and Michael had to be here for a series of operations on his right ear. The surgery is corrective in nature. It is being done to form an outer ear for him, which he was born without. Michael who is 4 1/2 years old has already undergone 2 of 6 operations. The last operation was performed in Amarillo last Tuesday. The first operation was very successful, and we hope this one will be, too.

ONE WEEK AGO last Sunday Mrs. Dora Waldrop entertained some friends in her home

she had not seen for about 4 years. They were Dr. and Mrs. Claude Fly from Ft. Collins, Colo. Some of you may remember reading about Dr. Fly. He is a soil Conservationist who went to Uruguay in 1970 to study the soil and try to find a way to grow food there. While there he suffered a heart attack and was captured by the Lupamaros who were in opposition to the Uruguayan government. He was in captivity for some seven months, but was released when it became apparent that he needed medical attention in order to live. He was released to a hospital where he stayed until he gained the strength to return to the states.

SINCE HIS RELEASE he has been on tour and making speeches about his captivity in Uruguay, and he and his wife passed through here on their way home.

DR. AND MRS. Fly are long-time friends of the Waldrops. Mrs. Waldrop attended Panhandle A&M in Goodwell Okla., where Dr. Fly was teaching agriculture in the Dust-bowl days. He and Mr. Waldrop began the Soil Conservation Service here in the 1930's and worked together in it on and off until the 50's.

DORA COMMENTED THAT the reason Dr. Fly was treated fairly well by the Lupamaros was because he is such a gentle and friendly man. In a news interview Dr. Fly said that he prayed twice each day for his captors and that eventually a certain trust developed.

DR. AND MRS. Fly were only here Sunday and left Monday morning, but even though it was a short visit, Dora enjoyed seeing her friends well and happy again.

JACK AND IRENE Parker took grandson Randy Carthel and his mother, Roberta, and his girlfriend Mara Campfield to Colorado Springs last weekend. Randy raced his 250 Ossa in a one mile race around a horse race track against boys from all over the Nation. Randy did not place, and he said it was pretty scary out there. Some of those boys made that mile in 42 seconds! But he got some good experience and all had a very good time!

HAPPY BIRTHDAY TO Odell LaGrone whose birthday is on the 10th!

Lake Tanglewood News

CHURCH SERVICES WAS not attended by as many Lake Tanglewood residents last Sunday as it usually is. This was probably because Daylight Saving Time went into effect Sunday Morning and many forgot to set their clocks. But attendance will probably be up to par again this Sunday and as Dr. Robinson said, "We'll probably be used to it in 3 or 4 months!"

LAST NIGHT THE first in a series of first aid classes was held in the Lake Tanglewood Club. The classes are being taught by Mr. Leonard McKinney from the Amarillo Fire Department and are open to Lake Tanglewood and Palisades residents. There is no charge, and at present Mr. McKinney is not setting a limit on how many classes there will be. It all depends on the interest shown for such a class. Those who attend, have enough hours, and pass the test given at the end will be issued a first aid card.

WE HOPE THAT many of you will want to attend for it will be beneficial to both communities to have people near who can render first aid in emergencies.

The next class will be Thursday, May 11 at 7:30 p.m. in the Lake Tanglewood Club. Please try to make it.

THE AMARILLO HOME Builders Auxiliary met at the home of Mrs. Bert Thomas last week for a salad luncheon and business meeting. Mrs. Deward Walker, a guest at the meeting, demonstrated print lifting.

MRS. NELDA SHEETS of Spearman taught the Silva Mind Control Class in the home of Mrs. W. I. Molesworth last Monday and Tuesday. This is a very interesting course in programming the mind to think positively. All those interested in taking the course should contact Mrs. Molesworth at 622-0721 for further information on future courses.

THE BRIDGE CLUB, met yesterday (Wednesday) at the home of Mrs. Mel Potts.

THE OFFICERS of the A. E. Shirley Chapter 986 Order of the Eastern Star gave a tea yesterday in the home of Mrs. Mary Morris. The tea was given in honor of the Chapter's Grand Officers: Mr. and Mrs. J. B. Lowe, Mr. and Mrs. J. T. Carver, and Harold Kimber. There were 65 guests present from the surrounding area.

MORE TANGLEWOOD RESIDENTS on trips! They are Mr. and Mrs. Chick Hickman, who left for a ten day tour of Greece and the Holy Lands, Mr. and Mrs. Bert Thomas, who are in Hawaii, and "Welcome home" to Mr. and Mrs. John Anderson who recently returned from ten days in Russia. (More on that next week.) We hope those travelling enjoy their trips and return home safely.

WE ARE GLAD to have Mrs. Ethel Badrow home again after her one week stay in the hospital. Several tests were run on her, but she's doing O.K. now. Here's hoping that you stay well, Ethel!

MR. AND MRS. Deward Walker entertained guests in their home last week. They were Deward's brother and his wife, Mr. and Mrs. C. R. Walker of Paducah. They all tried to fish, and since they didn't catch anything they blamed it on the wind! Lorene Walker did say that after leaving her pole in the water all night one night she caught a 10 or 12" Channel Cat!

YOU PALISADES NEWS-TIPPERS are doing very well. I appreciate your calls. It saves me a lot of time. Lake Tanglewood people don't forget to call Lorene Walker or Roberta Currie and give them your news. They'll appreciate it too!

HAVE A GOOD week. If you smile it helps!

C-C Asks Change

David West, representing the Canyon Chamber of Commerce, will request—by letter—that the Canyon Post Office be open from 8:30 a.m. to 12 noon each Saturday.

West agreed to make the request Monday night during a regular session of the board of directors of the C-C. Board members voted the action.

Chamber officials said this action was taken on their own after receipt of several inquiries from citizens who support Saturday hours.

Also at the Monday session, West called attention to a meeting of Water, Inc., to be held May 14 at the Farm Bureau building

here. West encouraged all members of the board to attend that session.

Various chairmen in charge of operations of the upcoming Canyon Days festivities gave short reports during the session.

Kenneth Thompson, parade chairman, reported that he has sent 50 invitations to various civic clubs and other organizations in hopes of obtaining wide participation this year. He said he already has received some confirmations, noting that it appears at this time that "quite a few" parade entries will register this year.

Eddie Holcomb, chairman of the barbecue committee, told the board members his plans are well along, and Cary Magness, chairman of the July 4 Celebration, reported same.

The July 4 program will include a watermelon feast and fireworks show on that day, with the parade slated July 8, at 10 a.m.

Raymond Raillard reported that the tourist committee was to have some 3,000 brochures describing Canyon tourist attractions ready for distribution this week. The new brochures feature Palo Duro Canyon, the museum, the annual show, "TEXAS," and Buffalo Lake as most significant attractions.

Eddie Knowles, chairman of the C-C legislative committee, told the group he felt like Randall County "72 was a 'great success.' He also informed the board that he has been in contact with Graham Purcell concerning the I-27 west bypass issue. He reported that Purcell has promised to "take action" soon.

Monday's meeting was held at the Community Center.

Teams Take Two Honors

Two Randall County 4-H teams took honors last weekend during District Four Elimination contests held on the campus of West Texas State University.

An 8-person team won a third place award in a "junior share-the-fun" contest, wherein a patriotic skit won the honor. Team members included Janie Irbeck, Jana Beth Cranmer, Neal Henders, David and Brenda Abbott, Pan Bethel, Ronda Davis, Jill Leavitt.

Coaches for that team included Mrs. James Irbeck and Mrs. Raymond Hunter, who also served as pianist for the team's skit.

Another team, a soil evaluation team coached by Don Dolle of the Soil Conservation Service, took a second-place award in soil judging. Team members were Rocky McRoberts, Shawn Hall and David Hall.

Mrs. Alma Perkins, teacher of special reading at Rex Reeves School, is shown at work helping her students, as she's seen many grow to adulthood. Mrs. Perkins will retire at the end of the current school year. Assisted by a student teacher, Mrs. Perkins

Mrs. Alma Perkins Will Retire; But She'll Have Plenty To Do

"Everybody knows you retire at age 65," said Mrs. Alma Perkins, teacher of special reading at Rex Reeves Elementary School.

That was her good-natured response to a query about her age.

Tuesday night she was honored by her associates during the Spring Banquet of the Canyon Classroom Teachers Association. She was honored for many years of successful work among the city's youth—particularly for her work as special reading teacher.

As a teacher, she knows she should be an avid reader—which she is. This week she said she was reading a book called "The Passions of the Mind."

Her reading she said, comes in cycles. Recently she found herself in a cycle of reading of historical works.

Mrs. Perkins will retire from Canyon Public Schools duties at the end of this school year. That was why she received accolades Tuesday night.

How does she feel?

"Well," she said, "there is a little feeling of nostalgia when you end one chapter, and then begin another in your life. But I have so many things to do that retiring probably won't mean much."

She plans to do some substitute teaching "if they'll (school officials) let me." She also plans to continue her hobby of painting, and of course, reading. "I'm also a gardener," she said, adding she's a bridge enthusiast. Also: "I like to sew, and do a little knitting. But my biggest hobby involves my grandchildren." (The grandchildren live in Alabama and in Irving, Tex.)

Mrs. Perkins' husband, Ebb, is a retired mechanic; he served as mechanic for the CISD for some 15 years, working primarily with school buses.

Professionally, she has served

as president of the CCTA three separate times. She also has served as president of the District 16 of the Texas State Teachers Association. She also has been active in the local Randall County Unit of TSTA.

She has served on the state board of the Texas Classroom Teachers Association for two years, and a member of several state committees for the TCTA.

Among other things.

But most importantly, she has taught "countless" youngsters how to read better during her years as teacher at Rex Reeves School. The personal value of years cumulatively held for her is "intangible," she said. That value involves watching children grow to become what they become, and knowing that she "had a part in it."

Missing Grads Being Sought

Seventeen members of the Canyon High School Class of 1962 cannot be located—and Mrs. Lewis Lindegren, spokesmen for a class reunion effort this week launched their search for them.

Mrs. Lindegren said a class reunion of the 1962 graduates is planned for June 23 and 24. She said she hoped that the missing 17 could be located soon, in an attempt to bring CHS '62 grads together for a big dinner and picnic.

Deadline for filing reservations with Mrs. Lindegren is May 15, she said. "But they need to RSVP by June 1," she added. Cost to each CHS ex-student

will be \$2. The dinner is slated June 23, and the picnic, June 24.

Interested persons should contact Mrs. Lindegren at this Amarillo telephone number: 355-8614.

The missing 17 ex-students are: Kay Allen and Doug Ward, Mike Cheatham, Phyllis

Friemel, Bambi Green, Leon Henderson, Danny Johnson, Rose Lancaster, Sharon Lee, Lonnie Martin, Mary Beth Max-

well, Ronald Osborne, Don Rael, Jerry Reynolds, Juanita Roubinek, John Title and Gleason Kelly.

Cezanne Exhibit To Be Featured

An exhibit of reproductions by Cezanne, a French post-impressionistic painter, will be featured Friday through May 20 in the Panhandle Plains Historical Museum.

The display is courtesy of the French embassy, according to a

spokesman in the language department at West Texas State University.

A film, on the life of Cezanne will be shown at 3 p.m. and 4 p.m. Sunday at the museum.

The exhibit consists of portraits, still lifes and landscapes.

Roland Black, of the Canyon Chamber of Commerce, reminds Canyon residents—as well as college students and tourists and visitors to this city—that a wealth of information about the "big country" of the Panhandle is available to them at the Chamber offices on 4th Avenue. Roland said this week the C-C is planning an intensive continuing campaign designed to bring more tourists to Canyon—and hence to bring more dollars into the Canyon economy.

Officers Elected

Members of the Canyon Classroom Teachers Association elected new officers during their annual Spring Banquet Tuesday night.

The new officers include: president Herman Demus; first vice president, Mrs. Vera Brown; second vice president, Jane Westberry; secretary, Marilyn Maynard; treasurer, Treasure Brasher; parliamentarian, Mrs. Lee Reeves.

Some 275 persons held reservations for the Tuesday banquet,

at which the new officers were initiated into office.

Highlight of the banquet came when association members honored Mrs. Alma Perkins, who is retiring at the end of the school year. Mrs. Perkins is special reading instructor for the 4th, 5th and 6th grades at Rex Reeves School.

Special guests at the banquet, held at the junior high school cafeteria, included members of the Canyon Independent School District.

"WATT AN OHM... CAN DO FOR YOUR HOME...!"

Watts, ohms, amperes, volts — you probably haven't thought about them since you had high school physics. But they're valuable measurements when it comes to electricity. And, they can make life better in your home.

They come in handy providing electric warmth in the winter, electric cooling in the summer, electric air cleaning and electric humidification all year long. It all adds up to complete air comfort.

Watt an ohm can do for your home? It's electrifying! Why not get the facts this week!

ELECTRICITY-IT DOES SO MUCH GOOD

Mrs. Crain and Mrs. Henry had competed strongly for first place honors during the contest with both women holding the lead at various times during the four weeks.

The Canyon News staff com-

THIS WEEKEND offers Canyon residents an opportunity to see top notch swimmers in action at the WTSU Activities Center. (Saturday 9 a.m. with finals at 6 p.m.).

Times set by these swimmers in this "fast" 50 meter indoor pool may be used to qualify them for the Olympic Trials.

This Pre-Olympic meet features a number of area swimmers and others from all over the Southwest.

Mrs. Don Dean of Amarillo, noted that with the great Canyon based facility (the pool is one of a

(Continued from Page One.)

Cuba more than one million have left there. Living there means surrendering all of your property and any money you may have, even personal belongings like family pictures...and still the Cuban people are searching for Freedom and leaving the island in anyway they can. I'm glad I don't live there.

"Speaking as one (former Cuban), we owe a tremendous debt of gratitude to the people of the United States for the way we have been received here.

"When Castro took over I was in England, and then I worked in the underground helping Cubans to leave the country and trying to overcome Castro's regime...until my personal efforts were no longer fruitful."

Mike added that he took his PHD from Havana University, and taught for awhile at the University of Orente, during pre-Castro days.

"I once was head of the national economy department of the Cuban Economic Board, then I moved to Europe where I was chief negotiator for sugar before Castro took over."

Mike said he stayed in London for 10 years rather than going back to Communist Cuba. He came to this country six years ago.

He and his family moved to Canyon from London. "We were surprised," he laughed, "with the good climate here and still every day we get up and we say this is a good day."

Taking note of the hue and cry over discrimination, Mike wanted to say this, "as an American," "Cuban blacks are trying to leave that country. Because he doesn't want them to, because he doesn't want to allow them to tell the world that Communism discriminates against the blacks. And in my trips to Russia, I met many Cuban students sent there to be indoctrinated, and the blacks always complained about the discrimination. I saw that in the Soviet Union, East Germany, Poland and Czechoslovakia.

Summing up his experience—both good and bad—during an interview with the Canyon News this week, Mike said, "We had never heard of Canyon, Texas, when we came here, and yet we were told about the wonderful people here, and reality has proved that beyond our expectations."

"I'm glad I live here." And that was the exact sentiment of his wife and his daughter who Monday, shared with him "the highest honor" of his life.

very few true Olympic sized in the state) that it is surprising that Canyon swimmers aren't leading the field at the swim meets.

Perhaps some will develop in the near future, we can certainly hope so. Swimming is certainly a contest in which all sizes and weights can compete equally...with proper training and conditioning, of course.

It is also a shame that WTSU doesn't offer swimming scholarships. The university has a superb coach in Bob Conners and with the right material WT could compete with the best of them.

SOME OF CANYON'S hardest working clubwomen were honored Monday at the Home Demonstration Club's "Women of the Year" May Day Luncheon.

The honorees included Mrs. O.C. Free, Edgetown; Mrs. Bernard Grabber, Highland; Mrs. Ervin Davis, Jewell; Mrs. B.C. Walker, Palisades; Mrs. C.D. Todd, Palo Duro; Mrs. Cristler Crain, Pleasantview; Mrs. Gene Shipman, Sunnyhill; Mrs. Ed Bourn, Westside.

Amelia Irlbeck was the MC and Carroll Killingsworth provided the special entertainment.

DORIS MARTIN was talking to some of the city's civic leaders this week about an Arts and Crafts Fair on the Square. It seems that Kerville has one each year and brings in thousands of dollars in revenue for the city.

Sounds like a pretty good idea...don't you think?

AAUW'S SALAD LUNCHEON will be held Saturday at 12:30 p.m. in the Duane Guy home, 709 Taylor Lane.

Hostesses for the annual affair are Mmes. David LaBrie, M.L. Sherrod, W.F. Haggard, and Patrick Kelso.

This group is made of college and university graduates from across the nation who have made Canyon their home.

Three study groups are available to the members, current books, drama, and crafts.

The current books groups don't meet, their members simply each purchase one new book then rotate it to another every two weeks.

Mrs. John Green is president of AAUW. Those interested in becoming a member should call Mrs. W.M. Stoker for other information.

DON'T FORGET that Williams Et Cetera will have an exhibit of paintings by Stefan Kramar, Don Parker, R.D. Enright, and H. Zeegers from Saturday

ways such as State Highway 217, Louder and Mayor J. Manly Bryan then pointed out a second major traffic problem which should be solved somehow in the future. They spoke of a needed crosswalk, or overpass, across U.S. 87 near Rex Reeves School in south Canyon. "We have to take school kids across that highway," Louder declared. "And we can't afford it (construction of overpass-crosswalk) unless we have help (with TOPICS monies, possibly)."

Timmons indicated construction of such a crosswalk would be feasible if commissioners follow through with TOPICS.

The commission Monday gave the go-ahead for city planners to send a letter to the Texas Highway Department, to become a TOPICS city.

Timmons said there is "no rush" about planning the TOPICS program—which would cost the city money—but that commissioners need "to do something within a year."

Commissioners also made it clear that the city may "back out" if it so desires "at anytime."

Other action Monday included naming of H.R. Fulton as Mayor-pro-tem; and passage of an amendment to a city zoning ordinance with addition of a section requiring that two parking places may be allotted for each dwelling in the city—no matter what zoning affected property falls under.

All commissioners were present at Monday's session, held at the Community Center.

However, he said, the commissioners would be required to review the boundaries under the one man-one vote decision next year at any rate.

On August 30, 1971, Commissioner Fletcher moved the legal description of the commissioners precincts remain as adopted in September, 1969, at the time when a new Justice Precinct was created in Umbarger, according to the minutes of the commissioners court.

Hutton said the line dividing Commissioners Precincts nine and ten is also the boundary between the Amarillo Independent School District and the Canyon Independent School District.

WILL YOU VOTE FOR JUST A NAME?

These Men Won't!

An individual will be elected to serve as Lieutenant Governor... He will have to rely on his own experience... his own ability... his own judgment... Many responsible men and women think Ralph Hall will substitute hard work and ability to make up for the lack of a "famous name."

"I shall never seek office on the demerits of any man... I am not worthy of the office, then I should not be elected... I hope I never lose sight of the fact that there are other men—good men—in this race, men with families, feelings and ambitions. I would rather lose a clean and respectful race than to reap a shallow victory through slander, bigotry or mud slinging."

"Sen. Ralph Hall has fought for local government for years. He has pledged to halt the trend of giving local government more and more responsibility with no additional revenue. He deserves our full support."

County Judge W. D. Henson,
Past President, County
Judges and Commissioners
Association

"No person in State Government has been more responsible for good, sound and meaningful legislation for higher education than Sen. Ralph Hall. His skill in co-sponsoring (with Sen. J. P. Word) S.B. 56, the Tuition Equalization Act, has been of tremendous benefit to all Texans, as it preserves the balance between public and private higher education, and assures a student of the right to attend the school of his choice. At the same time, Sen. Hall's efforts have saved the state millions of dollars in construction costs. He would make a fine Lieutenant Governor."

Abner McCall, President,
Baylor University — 6/20/71

"Sen. Ralph Hall has long been an advocate of Consumer Protection Legislation. His Senate Bill 430 last session was the strongest Consumer Protection bill in Texas history."

Bryan P. Smith, Past
President, Texas Consumer
Assn., 3/22/72

"Sen. Ralph Hall has either sponsored, co-sponsored or supported every major education bill since coming to the Senate. There are no better people and I have no better friends than Ralph and Mary Ellen Hall."

Sen. A. M. Aikin, Dean of the
Texas Senate — 6/3/68

"Sen. Ralph Hall set a most outstanding and enviable record as a State Senator, and he is more than just an election-year Democrat. He deserves the full support of every Democrat in Texas."

Dr. J. D. Tomme, Jr.,
Fort Worth, Texas
— 2/15/72

"When we visited your city, I promised to restore the people's trust in their government and to stop influence peddling in Austin. This I will do when I am your Lieutenant Governor."

THE BEAUTIFUL MEM-ORY Gardens Cemetery which is right in the midst of our neighborhood has a new sales manager. He is Pete Pendell, a veteran of Viet Nam, and he is also assistant manager. By the way, he is the youngest assistant manager in the association which covers several states. He and his wife Linda live in the Cambridge House Apartments, of which Linda is a manager. They both grew up in Waco and dated for quite some time prior to their marriage last summer. All the personnel at Memory Gardens are quite proud of Mr. Pendell.

Recent guests in the Alvin Settle family home were brothers of Alvin, Mr. and Mrs. Jim Settle and family from Lubbock and Mr. and Mrs. Richard Settle and family of Amarillo. They report a real good time visiting.

MR. AND MRS. Jim Warner were recently in Dallas to attend the Annual Mobile Home Show there which is a very large affair and includes mobile home dealers from many states. They say the new homes are very beautiful with such lovely color schemes this year.

MR. AND MRS. J. D. Tankersley and family spent the day Saturday at Lake Meredith. They really had a great time there and even missed the sandstorm here at home.

HAVE YOU NOTICED the

street sign on Bordeaux? It's all fixed up, painted and set in concrete. Sure is nice and now everybody can tell where Bordeaux Street is.

MR. AND MRS. R. A. Stark and family were at the home of R. A.'s sister and family the Putt Jaspers near Silverton Sunday to celebrate the birthday of R. A.'s and Nelda's mother Mrs. Rose Stark of Tulsa. May all of her birthday wishes come true this year.

WHILE OUT WITH subscription sales this week I met the new manager of Bruce and Sons moving in Amarillo. He is Paul Baumann and has recently become the new owner of Andrews Moving and Storage. He and his family have moved here from Perryton where they

had been for 14 years. He and his wife have a seven year old daughter, Paula Sheri. The location of the office and warehouse is 6037 Canyon Drive. Do drop by and visit with them anytime.

The boys in Den 2 from our neighborhood are Joe Doss, Kent Hall, Kelly Howington, John Gaston, Harvey Sims, Ricky Tankersley, Mark Morgan and Flake Leith.

THERE WAS QUITE a bit of excitement in our house last week when our Penny won 140 gallons of good Shamrock gasoline from radio station KPUR. This comes from the McCormick Road Mini Mart where a lot of good guys work. Thanks to everybody connected with this gasoline game.

MRS. WANDA LEITH was in Dallas over the weekend on a business trip. She has also been elected president of her sorority, Eta Epsilon Chapter of Epsilon Sigma Alpha and will be in Fort Worth to attend the annual meeting this week.

MR. AND MRS. Grover Booth were in Memphis this past weekend visiting with friends and relatives. While there they attended the motorcycle endurance races which had the largest attendance of any of these races so far.

CUB SCOUT PACK 131 had its field day outing at the farm of Dr. Leonard Wilson. They had a very informative experience with soil and water conservation. Soil and Water was also the theme for the Friday night Pack meeting at the Canyon Community Building. John O'Connor was the speaker and showed films for the boys. The theme fit in with the wishing wells made of popsicle sticks by the boys. Awards including Wolf Badges, Advancement on Bear Badges, Den awards and Patches for ticket selling for tickets to the Scout-O-Rama. Receiving the awards were Robert Foster, Marvin Hill, Ted Pepper, Tommy Sharp, Layne Williams, Jay Andrews, Brian Lehman and Jay Huneycutt. They were excused from the Saturday morning meeting to attend the activities at the WTSU Activity Center. There were a lot of kids there and all seemed to have such a good time.

MR. TOM DELASHAW Sr. has been a recent guest in the home of his son and wife, Tom and Evaline Delashaw.

The main activity of the day is the campus-wide Spring General Election to elect student leadership. Miss Triplett, a 1970 graduate of Canyon High School, is a sophomore fashion merchandising major at Baylor. She was selected one of eight Baylor Beauties earlier this spring.

HELLO ONCE AGAIN to you and yours. Hope this writing finds you all well and ready for a nice long busy and happy summer. Summer is the best time of the year and wish it could be summer all year long!! Guess that's the kid in all of us to enjoy the fun of summer. Lot of vacation plans being made out in this part of the country and the kiddoes are really looking forward to their freedom, just three more weeks, yea.

DID ALL OF you see the write-up in Canyon's Sunday paper about our neighbor, Toby Patterson, also, the nice picture? If you have the write-up and don't want it his mom would love to have it to send to relatives.

Toby's sweet wife, Diane, and little baby, Misty, left a couple of weeks ago to be with Toby, and they are stationed in Denver. By the way, his mom said the trailer house they lived in, is for sale. If any one is interested in it, just give them a call; it's 2 bedroom and real nice, 622-0290.

WELL, THOSE CAMP fire Girls had a big time at the annual camp out this Friday and Saturday. They cooked and ate and worked and played. The camp out was at Camp Don Harrington and the girls also participated in project S.O.A.R. which is Save Our American Resources. They cleared a large camping area of yucca and mesquite underbrush and cleared it completely of litter. They did a great job. Twelve girls earned their S.O.A.R. patches and six earned their Trail Maker Badges in Progression in Outdoor Living. A very special thank you to Mr. and Mrs. I. J. Tow who so

willingly gave of their time and effort to help the girls with the projects and spent the night with us and were just a big help in every way. Also, to Mr. and Mrs. Tracy Cooper who helped transport us down and set up camp. I must add this, a extra big thank you to my sweet husband who always helps me and never complains about having a houseful of girls around all the time. To all the parents hope your little girl had a good time and wasn't too pooped out. Remember Grand Council Fire is set for May 11. Come and see your daughter presented with the Rank and honors she has passed this year.

GOOD LUCK to Glenna Evans in her try out for Junior High Cheer Leader for next year. We will be rooten for you, love. Also, a big special Well Done to my Sweet T. W., Tawanna Burdette who served as Junior High Cheer Leader this year and was the greatest, we love you.

CONGRATULATIONS to BLANCHE Hudson who, will graduate Saturday Night from West Texas University with her Teaching Degree in Business Education. We are all so very proud of you Blanche, and now we can have a Thursday meeting at your house and eat with you.

THE THURSDAY LADIES Club met at Ann Tow's house this week, and we didn't get too much work done on our projects, but we sure had a whole lot of fun together. We had a very special visitor with us this week, little Marcy Minor, who is a month old, came with her mom, Joyce, for the first time.

WAS SO VERY glad to meet Mr. Arnett who lives in one of the new homes down close to the gate. They built their own home and he is a carpenter. Was such a nice person and will be a wonderful neighboring family I know.

**Rabies Clinic To
Open West Of City**

Canyon residents and West Texas State University students may take advantage of the two-day special rabies clinic, located three-fourths-of-a-mile west of the Cowboy Cafe on U.S. Highway 60.

Dr. J. L. Markham said the clinic will be conducted between 9

a.m. and six p.m. both days, with inoculations to be given all city pets including dogs, cats, or any other kind of animal.

The inoculations are required by city ordinance, to prevent any possible outbreak of rabies.

Dr. Markham urged residents and students to have their money or checks ready, so that the expected heavy lines of animal-owners can be processed quickly. "We will have extra people on hand," Markham added, "and we expect to shoot them right through—if they are ready with checks and money."

The inoculations are being given this year at a reduced rate of \$3—rather than the previous \$4, in an attempt to insure inoculation of all city pets.

"We will take in all comers," said Markham, noting that travelers along U.S. 60 may take advantage of the clinic, as well as pet-owners in Amarillo who may not be able to get their pets vaccinated during the upcoming weekend.

"We expect—and hope for—smooth operations," Dr. Markham concluded Wednesday.

took their horse down to leave in Norman. Had a good but tiring time.

THREE OF THE Tow's took part in the annual Motorcross at Memphis this week end. The winners have not been announced as yet but there are high hopes of one of the three being in the winners' circle and bringing home a trophy to add to the others.

WELL, TRACY COOPER and son, Ricky, went to Greenbelt Lake this week end to try out the new boat and do some fishing together. Said they had a real good time and that Greenbelt was really a very lovely and large lake.

OUR SYMPATHY IS extended to the Riley family in the loss of Mrs. Riley this past Monday.

NOTICED THAT THE Rosses have a fine new boat parked out in front of their house. Wonder where it came from and who it belongs to??

GLAD TO REPORT little Mikie Morgan is home from the hospital and is doing a little better but still can't get around too much. Hope he continues to improve.

WELL, SINCE I was at Don Harrington this week end didn't see a whole lot of you folks out being busy but did see a few. Saw Shirley Jones doing a good deed, (her annual good deed) watering the new neighbors' lawn. Saw Mr. Woods out working in his lovely yard. Saw the Bedwells working in their big vegetable garden. Saw LeRoy Evans busy working in his yard. On a windy,

windy day saw Doug Jones and Jubal Billis riding their bikes on Mescalero Trail. Saw pretty Marty Johnson out riding one of her horses. I parked the wrong way in the street and saw Mr. Cox almost hit me. Saw Brent Mitchell and Spooky Whitehead having a ball on the Coopers' trampoline. Just saw a batch of you doing what comes natural.

WELL, I WILL sign off at this time and hope you all have a very nice week; remember to do something for someone, that's what we are here for—to help each other.

ONE LAST WORD: To my great group of Camp Fire Girls: I love you all and remember above you are the greatest group ever, so always do your best at all you do. Others are watching you. Fearless Leader.

880 Graduates To Receive Degrees At WTSU

A record number of students will receive degrees at the West Texas State University graduation ceremonies Saturday at the Amarillo Civic Center Coliseum. The event usually attracts more than 5,000 family, relatives and friends.

President James P. Cornette will confer degrees upon an estimated 880 seniors and graduate students at the 4:30 p.m. commencement. Last year a record 845 degrees were conferred.

The president also will present the \$1,000 faculty excellence award made by the Faculty

Council to an outstanding faculty member. Name of the recipient is not announced until commencement.

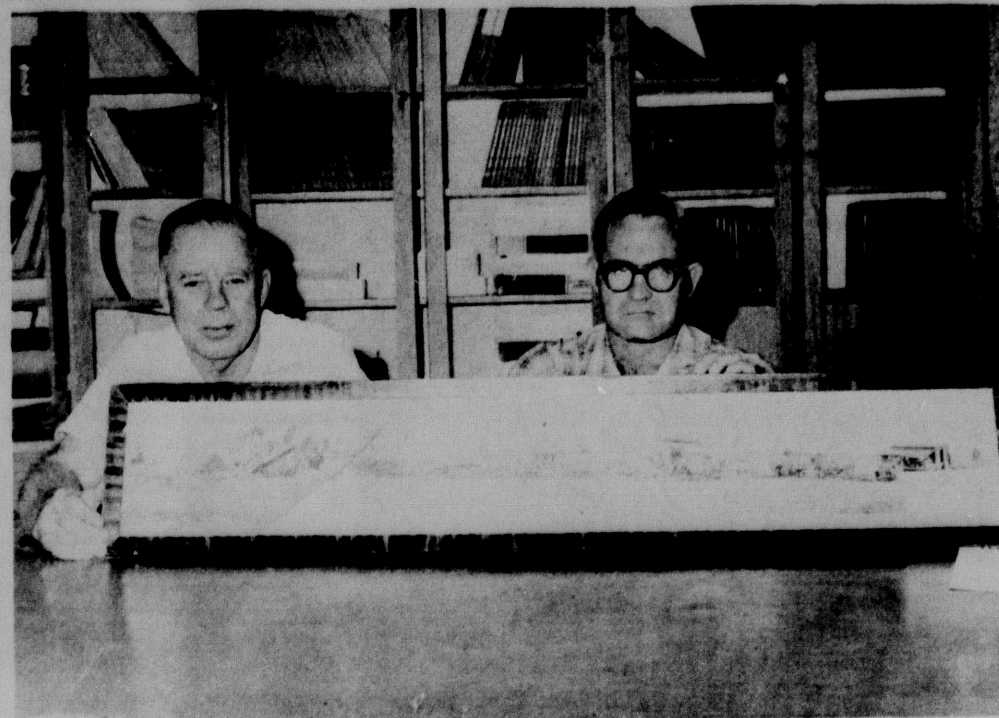

Several members of the faculty and library staff who will retire this year will be recognized. They are Dr. Ruth Lowes, professor of education, Dr. Crannell Tolliver, professor of speech and former head of the speech department, and Mrs. Rose W. Kinzer, assistant reference librarian. Dr. James Russell, professor of education, also is retiring this year but requested he not receive special recognition until the August commencement since

he will be teaching this summer. Miss Lowes, a member of one of the early graduating classes at West Texas State who went on to receive a Master's Degree from Columbia University Teachers College and a Ph.D. from the State University of Iowa, completes 50 years of teaching at WTSU.

Tolliver and Russell both joined the faculty in 1946. A year ago the university started streamlining its graduation ceremonies by doing away with the lengthy commencement speeches because of the

growing number of graduates who receive their diplomas individually from the president. The university symphonic band, conducted by Dr. Gary T. Garner and Donald Baird, will perform selected pieces. Marcus L. Adair, minister of the Faith Chapel in Canyon, will give the invocation.

The spring semester will conclude next week with final examinations for non-graduating students. The first session of summer school begins June 5 with registration in the Activities Center on campus.

Jack Downing, assistant to Boone McClure at the Panhandle-Plains Historical Museum, and Bill Harrison, curator of geology and paleontology, display an early-day photo of a threshing crew at work on the Tex-

Jacobs Forsees Consolidation For Small School Districts

By BENNY TURNER

School Superintendent Jerry Jacobs predicted many small schools will be forced to consolidate due to the federal court decision ruling the distribution of school taxes illegal.

Jacobs told members of the Canyon School Board Tuesday if there is a state tax rate equalization, the tax dodges or havens are on their way out.

Jacobs said some small school districts are only open every other year. "This type of operation is purely a tax dodge. If a school does not operate two years in a row by state law it must be declared dormant by the county school board and must be consolidated with another school district. If a state tax rate equalization comes in it will stop this kind of tax dodge."

"It is becoming virtually impossible for a small school district to operate; and I won't define small, because it could mean a school with 25 students or 250," Jacobs told the trustees. The superintendent predicted many of the small schools will be forced to consolidate, because of the court ruling which declared the

distribution of taxes for schools illegal.

He said the number one priority is to leave as much local control for the school as is possible, "but I am sure we will see some sort of state-wide equalized tax rate—some sort of equalizations for equal education—some sort of rate (money) per child or classification."

Jacobs said he felt there would be some kind of leeway of from 10 per cent to as much as 25 per cent on the tax rate for local incentive and some sort of leeway for each school's bonded indebtedness.

Jacobs said present plans call for the state to determine the amount needed per student for an "equal education," then for the state to make up the difference in "poor districts."

"Some say the federal people are trying to pull as far away from this thing as they can pull. Some of them made some pretty drastic statements when the ruling first came out, but I think some of the economists put the pencil to this thing and saw how much it would cost," Jacobs said.

In other business the board instructed school business manager Ray Schultz to take care of the necessary paper work to buy one-half block of land on 11th Ave., across from the high school. In an earlier meeting the trustees offered the First Metho-

dist Church \$10,000 for the property, which the church accepted recently.

Mrs. Hazel Strickland, head of the Special Services Department, presented a program on the functions of her department.

Mrs. Strickland said there were eight inter-departments within the Special Services program, which assists 575 Canyon students.

The inter-departments are: Educable Mentally Retarded program; The Emotionally Disturbed program; the Vocational Education for the Handicapped program; the Vocational Adjustment Class for the Handicapped; and the Handicaps program.

The Special Services Department could one day be helping half of the students in the Canyon School system, according to Dr. Dudley Moore, president of the board.

Mrs. Strickland said that the number of brain damaged students is dropping but they are "more and more" students each year that are emotionally disturbed.

"The purpose of the Special Services Department is to get these students back into the main student flow Mrs. Strickland concluded.

An evening out ...at home

...where the charm of a GAS light lets the evening last a little longer

...and the food has an exciting outdoor aroma and flavor, found nowhere else in the World!

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. Charcoal itself provides no flavor. Permanent ceramic briquets in the gas grill reach cooking heat in a few minutes, and there is no long wait to start cooking. The heat is regulated manually so there is no need to move a grill up or down.

Citizens Wish To Commend CHS Choir

Canyon citizens, some of whom wished to remain anonymous this week, applauded the Canyon High School Choir, which won two trophies at the Greater Southwest Music Festival in Amarillo last week.

"People don't realize that this choir is a winning choir. Wait and see, the choir will go places. Their performance last week proved this (assumption)."

One person wanted to speak up. Mrs. H. R. Fulton Jr. remarked "We do have a winning choir, and lots of people don't know it." She added that last weekend's achievement at Amarillo was one of the highest ever recorded in Canyon's school history.

"What amazed us," she continued, was that the famous Temple University official, Robert Paige, rose and said, "Bravo," when the choir performed. That was rare, she declared.

She and other choir boosters commended Tom Jennings, CHS choir director, for the achievements of both the past and the future.

Canyon Will Host First Indoor Swimming Meet

Canyon will play host to one of the first indoor meter pre-olympic swim trials in the region this weekend at West Texas State's Activities Center.

Over 300 swimmers will be here for the three day event which begins at 7 p.m. Friday and runs through Sunday afternoon. The meet is fully sanctioned by the Amateur Athletic Union (AAU) and is listed in the directory of pre-olympic trials, according to Mrs. Don Dean of the Amarillo Aquatic Club, host club.

"Any man or woman who meets the Olympic time standards at this meet will be qualified to go to the Olympic try-outs," she said.

Two swimmers whose times are very close to the required qualifying times will attend the meet. Audrey Supple of the Albuquerque Times will attend the

"This pool is one of the best in the state of Texas," said Mrs. Dean. "The only other indoor meter pool is one that was just finished in Dallas."

"It is also probably one of the fastest pools in the state because of the depth. Most pools are built very shallow at one end, but this one is built for college students and is deep all over. It is just a beautiful competition pool," Mrs. Dean added.

"Quality education is the key to our children's future."

"It is unfortunate, that the prospects for better education for our children should be placed within the emotional cloud of the bussing issue. I am opposed to massive, forced bussing for the purpose of reaching an arbitrary and artificial balance of the races. The differences in learning ability are primarily formed in the home, not in the school.

"I do not believe that bussing can materially improve the quality of education for any child in Texas. If I did believe that, I perhaps could support bussing. The types of school bussing that have been ordered in some cities pose an

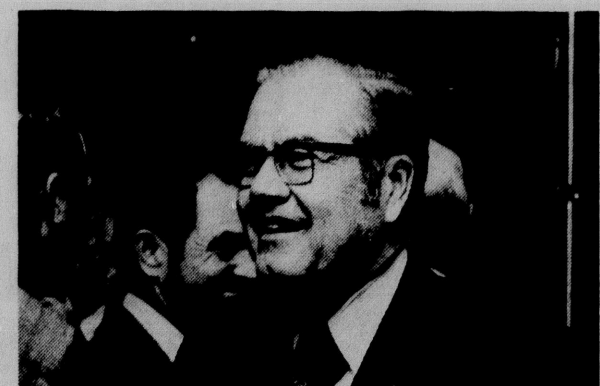

egregious threat to our schools. It is an economic Pandora's Box.

"My position, then, favors expenditures that promote equal education within our existing public schools rather than leaving inferior schools as they are and sending children to them from better schools. I will be the first to concede that every school in Texas is not equal insofar as quality of instruction is concerned.

It is our resources—money, teachers, and curricula—that must be shifted and given equal division if we are to have an equitable educational system for all our children."

Mrs. Lindsey Busier Than She Knew

By NELL WILLIAMS

"I don't know what I do except run for the kids," said Mrs. Bob Lindsey, the president of Chi Omega's alumnae, who immediately contradicted herself with a list of activities.

In addition to her duties as the wife of a rancher who is also head

of the Lindsey Land and Cattle Co. and the Canyon Credit Bureau and as the mother of two, she is a member of the University Study Club and the Fine Arts Club and has been president of both. She is also past-president of the Top of Texas District of the Texas Federation of Women's

Clubs and a former member of the board of the Texas Pahrandle Heritage Foundation.

She has worked with Girl Scouts and been den-mother for the Cub Scouts. A member of First Baptist Church, she teaches a Sunday School class of

sixth-graders.

Much of her time is devoted to her home, which she decorated herself. Her collection of cut glass, antique sugar bowls and other vintage dishes is on display and, on the walls, are pictures by Harold Bugee, G. M.

Ward, George Turner, and a John McCarty painting of rancher Lindsey tending a calf in a snow-storm.

In her spare time, she likes to play bridge and said, "I could say I enjoy reading, but I don't ever get to read."

As a family, the Lindseys all enjoy football and are especially enthusiastic about WTSU games and those played by Canyon Junior High School's team which includes son Bob, 14.

"And, if you live on a farm and ranch, there's always a lot of work. Sometimes it takes all help to drive cattle," said Mrs. Lindsey.

"We're all sort of individual," she explained. The younger Bob enjoys golf and riding his motorcycle, as well as football.

Becky Jo, 11, enjoys dancing and is studying ballet at the Neil Hess School of Dance, and also plays the piano.

The children and their father like to play chess.

Mrs. Lindsey has led her chapter in projects to aid Girlstown and the American Cancer Society during her year as president, and is planning for social events for alumnae and actives.

Chi Omega's alumnae gave a salad supper honoring the actives at the beginning of the school year, a faculty coffee for teachers and staff at WTSU this winter, and a Homecoming tea last fall.

Mrs. Bob Lindsey, president of Chi Omega alumnae, is shown with part of her collection of china and cut glass. Pictured are a bowl for oyster crackers, a sugar bowl with a spoon holder around it, and a cut glass fruit bowl.

want the whole story to come out."

The Chambers incident referred to an incident some two years ago at Lake Meredith involving WT Security Officer Kenneth L. Chambers.

The Prairie, WTSU student publication, alleged misconduct on the part of Chambers and also accused Hudson of hushing the incident up and keeping

Chambers on.

Hudson charged that The Prairie attack was leveled after a Prairie staffer was issued a citation by Chambers for parking incorrectly on campus.

Chambers resigned early last month.

Dr. James P. Cornette appointed a three-member panel to participate in an administrative investigation into matters involving the security department.

Chairman of the panel is Dr. Ronald Huffstutler. Other panel members are Gary Blanchet of Pampa, president of the student body, and Weldon Trice, assistant dean of student life for men.

Dr. Cornette Wednesday said the panel has not yet reported. He said he was unaware at that time that Hudson had been asked to resign.

Hudson has just completed 20 years in law enforcement having served nine years with the Amarillo Police Department and three with Potter County Sheriff's Department before coming here to head up the university security force.

Bureau Seeks Hearing On Scabies

By ELAINE PEEPLES

The Randall County Farm Bureau is seeking a hearing before the Texas Animal Health Commission to work out a plan to dip only cattle exposed or infected with scabies.

Cristler Crain of the Farm Bureau said the bureau had received replies to their letter from Congressmen Graham Purcell, Bob Price, Sen. John Tower, and State Sen. Lloyd Bentsen.

Tower wrote he had discussed the problem with the State Animal Health officials and the two agencies agree that scabies did get out of hand and spread as a result of laxity on their part.

Crain said the bureau contends that since the health commission and the inspectors agree it is their fault, the cattle owners should not be expected to correct the problem at the cattlemen's expense.

"We want this thing corrected but indiscriminate dipping for three years is ridiculous," Crain said.

Tower said he would remain aware of the situation.

Crain said Graham Purcell has been talking to the state health people and is trying to convince them there are other ways of dealing with the problem.

The letter from Bob Price was noncommittal, Crain said. The News attempted to contact Price for comment Friday afternoon.

Bentsen seemed to think the dipping requirements were in the best interest of all segments of the cattle industry and suggested if the bureau had any further

recommendations, they contact the Animal Health Commission. Crain said the bureau did not agree with Bentsen's assessment of the situation.

"We don't mind the inspection nor the dipping of exposed or infected cattle, we need to get rid of these. But we don't agree indiscriminate dipping is necessary," Crain stressed.

MY MOTHER RECENTLY wrote my Uncle J. D. a letter telling him a big "fish story" and the letter he wrote back said, "Don't you know the first liar doesn't have a chance?" and he proceeded to tell a bigger and better one. I liked the way he introduced the story. Of course, they always have their cameras to prove what they are telling.

JIM HAND CAUGHT two big catfish in our dam Tuesday.

IT MAY BE rather semi-climatic, but for you who hadn't heard about the tornadic like winds in Happy last Tuesday, and also all the way out to Wayside, tree limbs were broken and

whole trees uprooted and one house ruined. Duane Stubblefield's back fence blew down. It is a solid board fence built on 4 by 4's set in concrete and some of those 4 by 4's snapped like toothpicks. Eddie Womack lost part of his fence and his air conditioner off the top of his house. Larry Sexton's pipe that holds his T. V. antenna bent all the way to the ground. Doug Bell lost several campers and a camping trailer and almost his garage. Sherman Cox lost his barn and all the gas out of his tank when it overturned. Jackie Pyle lost his front porch so did all the ones who live in that row of houses where the teachers usually live; Tanya and Neil almost lost a car when a big tree fell on it, right in their drive way. Mark and Tricia Hargraves lost their trampoline - it went over Danners House and landed in the Briscoes' yard and is demolished. Bud Smiths lost a huge evergreen tree. The Bob Johnsons lost a big tree. The people who live at the old White place lost a tree. The Curtis McGehees at Wayside spent the day picking up broken limbs and washing mud off their house. Everyone had to clean up. Wallace Motor Company suffered broken windows and roof damage. Don't know what ingredient of a tornado was missing, but let's be thankful one was. I was feeling very secure, because Angelique was at Mary Stubblefield's and Mary has a basement. They were standing in the kitchen when the fence went. After surveying the damage I went down to the basement to see Duane printing the Jaycee Banquet programs. He was doing them in two colors and that is quite an interesting operation.

MARY JO GRIFFIN of Sherman Acres who was also in the contest, told me that she met Mr. and Mrs. F. E. Leslie during this campaign and that they enjoyed reading about people they know in Happy. It was good news and we enjoyed hearing about them also. Hello, Leslies.

MRS. ED WRIGHT was honored with a bridal shower in the home of Mrs. O. H. Rahlfs, last Saturday morning. We were greeted by Betty Rahlfs, Lonas Wright, Karen, and her mother, Mrs. George Kollmar. Karen's Sister, registered guests. Miss Sue Wright and Mrs. David Penn served coffee, spiced tea and fresh fruit and rolls, from a beautiful table centered with a bouquet of spring flowers, the corsages were also spring flowers. Out of town guests also included Linda Norman, a friend of Karens, Mrs. Ed Fortenberry of Friona, all three aunts of te groom, and Mrs. Carol McKillip and sons of Altus, Okla. Karen and Ed were married on Mar. 31 in the home of the bride's parents, Dr. and Mrs. George Kollmar of Amarillo. David and Kay Penn were the attendants and Bob Lloyd, Chaplain of High Plains Baptist Hospital, performed the ceremony. Ed and Karen are at home in Canyon until Karen graduates this month from nurses' training in Amarillo.

MRS. SIBLY GILL'S first grade class presented a play on springtime last week. Tonya Geauthreux was "Bluesies"; Shay Freeman, "Springtime"; Kim Foster, "Sunshine"; and flowers were Angelique Henry, Kay Lynn Stubblefield, Tami Williams, Rochelia Vandergriff, and Carrie Venhaus was the white rabbit and David Walker, the frog. Blue Birds were Tisha Selvidge and Noel Danner and Robins were Joanna Hurst and Todd Bryan. That terrible freezing breeze was Casey McBroom and was he bad! The children who concluded the play were the rest of the first grade class. Everyone was in it. The costumes were authentic and the stage setting was really good! I would not have thought such a production possible by so young a group, but it was really good. And that isn't just a mother's opinion.

THE ATHLETIC BAN- QUET was held at Happy High School Cafeteria last Friday night. The boys and girls basketball teams, football team, volleyball teams, tennis teams, and track teams were recognized. No trophies or anything were given at this time. A near capacity crowd attended.

SATURDAY NIGHT MUST have been Al's night off. He catered both the Junior-Senior Banquet at the school cafeteria and the Jaycees Banquet at the Jaycee Hall.

THE GAY 90's was the theme of the Junior-Senior Banquet. Food was served from a sidewalk cafe surrounded by brick walls and they ate at card tables covered with checkered table cloths and lighted by candles. Favors were mustaches for the boys and garters for the girls. The servers wore vest and mustaches and their hair parted in the middle. Don Lee welcomed everyone and Jim Whitlow responded. Eddie Wilson pronounced the invocation. Fried chicken and all the trimmings was the main event. A Barber Shop quartet composed of Tim McNeill, Bobby Moudy, Greg Looney and Jerry House sang "Walking Through the Park One

Day" and other songs from the Gay Nineties. The Class History was read by Walter Stubblefield. Steve Cole read the Will. Sheri Henry, Debra Jackson, and Vicky Wilson presented the prophesy in skit form. And the seniors bade "Farewell".

TUESDAY NIGHT, THE Methodist Church group entertained the Happy Seniors in Ceta Canyon. They played volleyball, ate hot dogs, etc. and home made ice cream and cookies. Then played volleyball some more, ping pong, swung, hiked, and swam at first falls. They came in wet, sandy and happy. Must have been fun! Sponsors from the Methodist Church were Margaret Middleton, Hope and Ervin Wilson, Mary and Charles McCaslin and girls. LaVenna Jackson, Barbara and Ken Danner and the Methodist pastor and his wife.

I gave the invocation. After our lunch, Carroll Killingsworth provided our entertainment with his special Phyllis Diller Act. He really did a good job on home demonstration club women. Everyone enjoyed him. The Women of the Year from each club were intro-

ask Poff, Christian and Sherman to introduce special legislation to the special session of the legislature in June.

County Clerk LeRoy Hutton reported to the court on the status of a program for the party primaries Saturday. The cost of the program is about \$1,000, Hutton said.

The official test of the computer will be at 7:30 p.m. Saturday, according to the court. Justice of the Peace W. A. (Bill) Wilson told the court \$2088, was made from the sale of surplus county property. The money was divided between the courthouse fund and the road and bridge fund.

Judge Wilson was given approval to purchase a grinder and wheel for the courthouse basement to use in courthouse repairs at an estimated cost of \$100.

George Dowlen reported his office had collected \$2,450 last month in delinquent personal property taxes and others had agreed to pay an additional \$3,000. The district attorney's office has filed 45 suits, Dowlen said, for \$4,800 and has sent letters to others to collect \$1,948.

The commissioners denied a request by county road personnel to use the county barn after hours to work on their personal equipment.

West told commissioners members of the Canyon Chamber of Commerce have discussed the problem of zoning along the expressway with the Amarillo Chamber of Commerce. West stated the chamber would like to keep undesirable businesses such as feeding operations, from locating along the expressway.

"We thought it would be desirable if both counties and both cities would look into it to see if it is feasible," West declared.

Commissioner Jim Fletcher said both counties could adopt zoning regulations but they would not be able to enforce them. The power for county zoning would have to come from the legislature. "It would just be a bluff," Fletcher said.

It was reported to the court the Panhandle Regional Planning Commission has sent a proposal to the legislature to allow county zoning but no action has been taken on the measure. A measure allowing county zoning statewide was also introduced into the legislature last session but it was never reported out of committee.

Fletcher asked District Attorney George Dowlen if it would be possible for the court to pass a resolution requiring notification to the commissioners court before a feeding operation went into business.

Fletcher added the permit would allow interested groups an opportunity to protest the operation.

Dowlen said the permit would not be legal. "You could pass it but you couldn't enforce it," Dowlen added.

The commissioners pointed out the city of Amarillo can zone five miles out and the city of Canyon can zone about two miles from Palo Duro Club Road to Rockwell Acres is the only area now that is not controlled by one of the two cities.

One possible solution to the problem would be annexation of this land by one of the cities, however, Commissioner Glen Dowlen felt this would meet with opposition from the residents in that area.

The commissioners and West decided the best solution was to

duced and presented silver engraved trays. Sunnyhill also presented Judy with a corsage of spring flowers. Those attending from our club were Leona Henry, Judy Shipman, Mary Jane Miller, Bertie Culp, Lou Dougherty, Gywnn Tucek, Kelly Hurst, Helen Bryan, Jo Hand, Barbara Danner, and me. Others from this area were Carolyn Dietz, Dorothy Davis, and Amelia. While you gals are reading this paragraph, will you please fill out your yearly reports and drop them in the mail to me right now. They are past due! Becky wants them.

THE HAPPY RAINBOW Assembly held their Annual Mother-Daughter Rainbow Banquet on Monday night in the Masonic Hall. They served ham and salads. Those enjoying the banquet and Mother's Day program were Debra and LaVenna Jackson, Sandy and Joyce Rahlfs, Mary Ann and Ora Mary Sims, Karen and Ann Sims, Betty and Shawn Walters, Fredda and Jan Whitlow, Connie and Jo Hand, Lynelle and Pam Andrews, Louise and Nancy White, Willa dn Willa Jane Elliott, Barbara, Beverly and Evelyn Dowd, Ferne and Kaye Spear, Connie and Diane Johnson, Faye and Brenda and Cathy Parker and their grandmother, Mrs. Oma Lee Lowry, Linda Rahlfs and her guest, Camma Lou Tackitt, Denise Cope and her grandmother, Mrs. Stone Cope, Mary and Becky Stubblefield, Mary and Kim McCaslin, Jodi and Char-

lotte Foster, Debbie and Shirley Penn and Sue Collins, Kim Sims and her grandmother Mrs. John Sims, Ruth Mann, Irene Hardaway, Gerry Holland, Bonnie Briscoe, and Sheri and I. Gladys Haley, Pauline Wesley, Evelyn Shipman, Catherine Miller, and Nora Taylor served served and ran the kitchen. The Eastern Star Chapter is the one who sponsors this each year. They provide the food and the banquet. We thank you!

A SMALL GROUP was on hand Monday morning for the Brotherhood Breakfast at the Baptist Church. Alvin Fleming of Vigo Park spoke about organization of a brotherhood. I understand that Moon Wright was the chief cook.

MRS. VIVIAN Wesly will be honored with a reception this Sunday, May 7, at Mrs. Albert Null's home on 107 N. Floyd, from 3 to 5 in the afternoon. Everyone is invited. Consider this your invitation. Yes, a few were sent, but only about two dozen. Those invitations went to family and some of the first pupils. You are invited. No gifts please. Mrs. Wesley was recently honored with a dinner by the elementary school teachers and they did present her with a gift at that time. It was a beautiful ring.

IN THE MEANTIME, don't forget to vote in the primary elections. You have the right to your opinion. Be sure to express it by voting.

See ya!

High school ensembles with I ratings included a clarinet duet played by Nancy King and Vern Zimmerman, the Garner trio, and a woodwind quintet.

Junior high ensembles rated I included a cornet trio, a brass sextet, and a horn quartet.

II ratings went to high school soloists Jeff Shepic, Doug Rittenberry, Vern Zimmerman, and Jodi Hefley. A woodwind trio and a brass sextet also drew II ratings.

Band ensembles from the high school with II ratings are a flute trio, Debbie Ramaekers, Diana Davis, and Becky Miller; a percussion ensemble, a woodwind trio, and a brass sextet.

Junior high soloists rated II were Sandy McIntosh, Stacie

Wright, Wayne Tannery, Larry Young, Sheryl Sommer, Karen Sommer, Craig Howard, Brian Young, Roma Johnson, Eloise Thompson, Ann Shell, Kristi Quammen, Vicky Chastain, Sue Carton, Tammy True, Charlene Moulton, Harold Thompson, Kelly Wright, Sylvia Rittenberry, Mike Word, Ollie Sparkman, Carolyn Ottoson.

Two flute trios, a cornet trio, a percussion sextet, a brass sextet, a clarinet and a woodwind quartet also received ratings of II.

A junior high quartet composed of Andy Williams, David Coronado, Ken Cooper and Michael Burdette received a II in vocal competition as did an eighth grade girls' trio, Darla Carthel, Becky Hawkins, and Kim Steelman.

runs in the last three innings, while holding the Yankees scoreless to win the second game Saturday, 10-8.

Pruett and Nix started the game at pitcher-catcher, but Monte Harrison relived Nix at the start of the fifth inning and was the winning hurler.

Harrison proved to be the one man edge as he blasted a two-run homer in the seventh, the first extra inning, to pull the win out for the Dodgers. Harrison tacked the home run on to a double and single he hit earlier in the tilt.

Anderson started on the mound for the Yankees but was relieved in the seventh inning. Haws, was credited with the loss. Anderson had 10 strikeouts and three walks before being taken off the mound. Haws had no strikeouts and no walks.

Anderson also had a double and two singles for the Yankees, while Haws slammed a double.

The race for Randall County commissioner in precinct 3 and the race for the state legislative seat in the 65th district will command the most interest of voters Saturday in party primaries.

Four Democratic candidates are vying for the position on the county commission being vacated by Commissioner Glen Dowlen.

The candidates are Bob Henry, Raymond Batenhorst, Charlie Donnell and Paul Lindsey.

The 65th legislative seat is being contested in both the Republican and Democratic primaries. Rhett Plank and Bob Slough are the candidates on the Republican Ballot and Hudson Moyer and Bryan Poff are the candidates on the Democratic ballot.

Two candidates filed for Randall County tax assessor-collector. They are Ronnie Posey, Democrat, an Amarillo attorney, and Mrs. Audrey Bruse, the incumbent, a Republican.

Graham Purcell, Democrat, and Bob Price, Republican, are the candidates for U.S. representative from this district. Max Sherman, Democratic in-

cumbent for state senator, Sheriff L. S. (Slim) Johnston, Jim Fletcher, commissioner in Precinct 1, and Farrell Randle, candidate for constable in precinct 1, will run unopposed.

chairman of the Democratic party and Tom Price is running for chairman of the Republican Party.

The candidates for precinct chairmen for the Democratic Party are:

Bob Henry, a resident of Randall County for 23 years, has worked part-time for the county 15 years. He is a 1954 graduate of Happy High School and re-

ceived a bachelor of Science Degree in Geology from West Texas State University.

He is a farmer with land south-east of Canyon, and will continue his farming duties if elected. His father also worked for the county for 20 years.

Board To Issue \$800,000 In Bonds

The South Randall County Hospital Board will issue \$800,000 in revenue bonds to finance the new \$1.5 million 50-bed hospital.

The board made the decision at a special called meeting Tuesday night. In mid-March the board was offered a \$1.1 million Hill-Burton loan in lieu of the grant

requested by the board.

Hospital Administrator Ray Grimes said Tuesday since the Hill-Burton program does not look favorable, the board decided to finance the construction on its own.

The architect, O'Connell and Probst of Austin, was given the go-ahead to begin stage one of

the detail planning of a new facility at the board meeting.

Plans are to build the hospital facility on 10 acres of land on 4th Ave. between the property of West Texas State University and the National Guard Armory.

Bob Davis of Columbia Securities of San Antonio was also given the go-ahead to sell

\$800,000 in tax bonds voted last summer.

The board decided to sell at this time because of the favorable interest rates available. Grimes said the interest rate is as favorable at the present time as can be expected in the near future.

The interest rate at the present time, 5.38 per cent, is considerably less than the interest rate of 6.5 to 6.75 per cent in effect when the bonds were voted.

Grimes said this lesser interest rate would decrease the demands on the taxpayers for debt retirement.

The revenue bonds will not increase taxes as they may not be

retired by tax money. The retirement of the revenue bonds must come from revenue from the operation of the new hospital, Grimes said.

Grimes stated the details of the revenue bond issue would be worked out in the near future.

The disadvantages of the Hill-Burton loan would outweigh any advantages, Grimes declared. The interest rate would not be too favorable, the length of time necessary for application approval would be extremely long, and the red-tape and governmental requirements would be severe, Grimes explained.

Last summer, Randall County

voters established the hospital district and approved a bond issue to finance half of the proposed hospital to be constructed in Canyon.

The present Neblett Hospital had been warned of losing its accreditation because of outdated construction. An accreditation team visited the hospital in April but no decision of the team has been announced.

Grimes noted the quality of the hospital is not deteriorating but the standards set for accreditation have been systematically raised over the years and the Canyon hospital is in danger of being left behind.

Mr. and Mrs. Miguel Tarrab, Canyon residents, proudly display the Stars and Stripes after officially becoming United States citizens during ceremonies in U. S. District Court Monday at Amarillo. Miguel, 49, known affectionately as Mike, is an associate pro-

fessor in math at West Texas State University. Both he and wife, Marie Dolores, couldn't "find words" to express the emotion they shared when they swore to uphold the U.S. Constitution and became citizens after long years of anticipation.

Tarrab Is 'Citizen'

By LEWARD HOOD

Miguel (Mike) Tarrab is an American—and proud of it. Really, he's been one for a long time.

Monday, it became official. He took the oath required to become a citizen of the United States. His wife and daughter, too, became citizens during colorful ceremonies held in U. S. District Court-rooms at Amarillo.

Mike is well-known among Canyon residents as an asso-

ciate professor of mathematics at West Texas State University.

He's known as a good citizen, as well as a good math teacher. Said his colleague, Ples Harper:

"I think he's tops. He's a very capable instructor, and he has a rich background in the work he's doing. He told me two or three days ago, with great joy, that: 'I'm getting to become a citizen on Monday...I'll no longer be an alien.'"

Bill Hillen, another of Mike's

friends, said of the new citizen: "He's a good American; he defends this country. He was so thankful when he became a citizen. If we had more like him, we'd be better off."

He became a citizen beside wife, Marie Dolores (Lolita), and his daughter, Maria Michele, a sophomore student at WT. He said all three wept with happiness as they stood beside the Stars and Stripes and swore to die if necessary for their country.

Just as he is no stranger to freedom, he knows all about tyranny and oppression. He's traveled to virtually every nation in the Free World, and to the Soviet Union and to Red China.

The native Cuban, living with his sister, Alicia, at 402 Lair Lane, once, he said, "I negotiated with the Red Chinese; they're shrewd, very shrewd; they're just waiting for us to bleed ourselves to death in South Vietnam and they're trying to create a much division as possible in our—and this is the first time that I speak as a real American citizen—our country."

This man treasures his freedom, he says he will never "take it for granted."

Mike said: "Look at Cuba. Cuba is now a jail, and the people are extremely unhappy with Castro, because there are no economic and political freedoms there; Out of six million people in

Self-Service Gas Okay

Ordinance Struck Down

The Canyon City Commission in regular session Monday struck down an ordinance which had banned self-service gasoline stations here; authorized an exploratory letter with a request to join a TOPICS traffic program; and discussed possibility of eventual construction of an overpass or "grade separation" at 15th Street and the Santa Fe Railroad tracks in northwest Canyon.

City Attorney Elton Cox brought about the death of the ordinance when he told commissioners, "the courts have held that whenever state law and city ordinance conflict, the state prevails." He had also advised the group that said ordinance—number 367—has been dubbed Unconstitutional.

"This ordinance is not enforceable," Cox declared, noting self-service gasoline stations require an attendant on duty, just as other stations do, and good safety practice is required, such as posting of "no smoking" signs to warn motorists.

Secondly, Commissioners heard a presentation by a representative of the Texas Highway Department, Ed Timmons, who explained the federally funded, state-funded TOPICS program, designed to increase traffic capacity of main thoroughfares and traffic safety in cities—in this case a program applicable to all cities under 50,000 population.

Timmons at first pointed out the proposed program—should Canyon join—involves "heavy regulation" by the Federal Highway Administration.

The TOPICS program would

warn motorists.

assist the city in obtaining needed road improvements, such as the aforementioned grade separation at 15th Street and the Santa Fe tracks.

Federal authorities would pay 50 per cent of funding, the state the other 50 per cent, with the city paying for all curb-and gutter and other such necessary street work.

Of the grade separation at 15th St. Commissioner H. R. Fulton pointed out, "This is an important route to Hunsley Hills." Others noted trains "just sit there" sometimes and "block 15th Street."

Someone asked whether school buses ply the route and City Manager George Loudders said he didn't think that was so.

A grade separation at the location would be constructed as part of the TOPICS program, based on a 20-year projection of the city's traffic needs, Timmons said.

Timmons also warned that if the city joins the TOPICS plan, "no angle parking will be allowed" on routes affected by thoroughfares built with TOPICS funds. "This will be a problem you must solve," he said.

The TOPICS program in Canyon may—if commissioners push their effort to join—involve future redesignation of major highways.

Members of the Canyon High School Band will travel to Atlanta, Ga., Thursday to participate in the Six Flags Over Georgia Band Festival.

J. W. King, band director, said the band will perform at 1:30 p.m. May 5, at the Sheraton Biltmore in Atlanta.

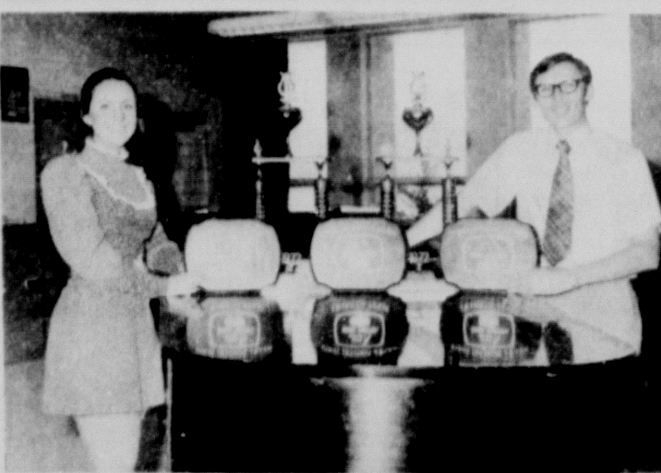

The band will leave Amarillo via aircraft at 9:30 a.m. Thursday, with arrival at Atlanta at roughly 3:17 p.m., Eastern Time.

Following performances on Friday, the band will enjoy sight-seeing in the Atlanta area, and then travel by rail to New Orleans for more sight-seeing.

The band will return to Canyon May 8.

Mary Neal Henry Wins News Contest

Mary Neal Henry of Happy was named victor in a photo-finish race in the Canyon News Subscription contest Tuesday night.

Mrs. Henry received \$1,000 as first place winner in the four-week contest. Carol Crain of Canyon won \$500 as a close second place winner.

"We feel the contest was highly successful and are grateful to all the contestants who parti-

cipated in it," said Publisher Troy Martin.

"Each woman worked hard during the contest and we were thrilled with the job they did," said campaign director Margo Fields. "We were gratified with the response we received from the people of Randall County throughout the four weeks."

Mary Jo Griffin of Sherman Acres earned third place honors

Bobby Hudson Asked To Resign As Chief

Bobby Hudson has been asked to resign as West Texas State University chief security officer—a post he has held since 1963.

Hudson said the request for his resignation to become effective July 1 was made Wednesday by Dr. T. Paige Carruth, university vice president for student affairs.

"I don't know whether I'll resign or not," declared the university security chief. "I haven't made up my mind yet. I just don't know."

Hudson said Dr. Carruth gave two reasons for asking him to quit.

He quoted the vice president as saying the university was embarrassed by the Chambers inci-

dent and that there was dissatisfaction among security department employees with him as security chief.

Hudson broke the news to members of the university security department at 4 o'clock Wednesday afternoon. There was no comment from the administration on the matter.

Dr. Carruth was in Lubbock Wednesday night and could not be reached.

"I am bitter about the whole thing," declared Mrs. Hudson. "My husband gave a lot of our lives to this university and now for this to happen...I just

Precincts Wrong ?

By ELAINE PEEPLES

Commissioner Bill Butler contended Monday the map of commissioners precincts recorded in the official minutes of the commissioners court was not the one approved in September, 1969.

"The lines are wrong. I don't care if you (speaking to County Clerk Le Roy Hutton) did draw it," Butler said.

The controversy arose over the boundary line between Jim Fletcher's precinct, precinct 1, and John Fulgenzi's precinct, precinct two.

Residents in voting precinct 9 had asked Beacon Road be paved and Fletcher and Fulgenzi both contended the road fell in their precincts.

The boundary between the two precincts as recorded in the minutes and as understood by Fulgenzi is Washington Street.

Commissioners Fletcher and

Butler contended the boundary line should be the Canyon Expressway.

When Hutton contended the map is drawn exactly as the commissioners approved it Sept. 8, 1969, Butler retorted, "I don't know where you get you all, I can't help it because you all can't draw and type."

Butler said the commissioners would have to change the boundary of the two precincts to make the Expressway the boundary.

Butler contended the arrangement is not practical any other way. "It is no major catastrophe but it ought to be changed back the other way."

Commissioner Glen Dowlen who presented the boundary plan to the court in 1969 said, "I'm going to stay out of this. I know where my precinct is."

Hutton said the map contained in the minutes came from Judge Carroll Brown's office and

Judge Brown approved the map by indicating so in writing on the front of the plan.

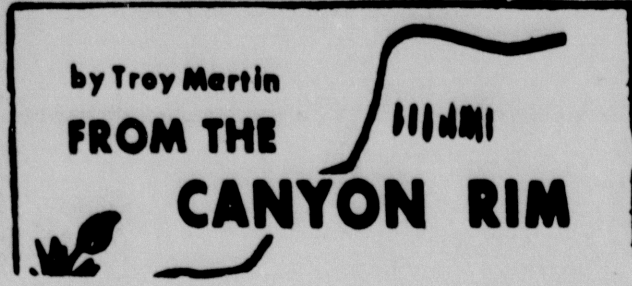

Butler said, "I think the fact the commission is not aware if it (the boundary lines) is an indication something is wrong."

Hutton said the boundary of the two precincts under law cannot be changed until July or August and would not affect the voting this year.

Changing the commissioners' precinct boundaries would also entail changing the boundaries of voting precincts nine and ten, he said, because voting precincts cannot be split in two commissioner precincts.

About 90 per cent of the voters in precinct 9 live east of the expressway, Hutton said, and he did not believe 50 voters would be left in voting precinct 9 as required by law if the expressway was made the boundary.

(See PRECINCTS, Page 7)

I'm going to stick my neck out and do a little predicting for Saturday's election.

Keep tab on me and see how many I miss.

Of keenest interest will be the county commissioners race here, of course. There are four candidates for the Precinct 3 post.

Two former mayors are pitted against each other. They are Charlie Donnell and Paul Lindsey and it looks like they may be in a run off.

Others running are Bob Henry and Raymond Batenhorst. Henry is a young man but he comes from a well known Canyon family and will poll some votes just as will Batenhorst who is a prominent and active citizen of Umbarger.

Donnell and Lindsey are better known in the populated areas, however, and this gives them a vote-drawing advantage.

All over Precinct 3 this hotly contested race is going to affect the number of votes cast in the Republican primary.

People who ordinarily would vote in the Republican primary will be going to the Democratic primary instead in order to participate in choosing a county commissioner.

I understand that local races will affect primary choices of many voters in Potter County also. This will have a bearing on the race for the legislature, 65th District.

In the legislative race I'm going to pick Bryan Poff, the incumbent, over challenger Hudson Moyer.

Moyer was embarrassed midway in the campaign when it became public knowledge that he

had drawn \$3,000 worth of postage stamps as expenses in the waning days of his 8-year tenure in the legislature.

Records in Austin reflect that Moyer drew \$1,500 worth of stamps Oct. 16, 1970 and another \$1,500 worth Dec. 31, 1970 less than two weeks before his final term as a legislator drew to a close.

Moyer had been defeated by Poff in the May primary that year.

Poff says he has been unable to find his Democratic opponent in order to quiz him about what he did with the stamps records show him to have drawn.

Moyer has not shown up at two political rallies in Canyon-one on the WTSU campus in recent weeks.

I think that this, coupled with the fact that Poff was recently appointed to the powerful House appropriations committee makes the incumbent an easy winner Saturday.

I have been under the impression that Rhett Plank would be an easy victor over Bob Slough in the Republican primary race for a November ballot spot for the legislature, 65th District.

Both Plank and Slough have been working hard in Amarillo and this is where the votes are in the legislative race.

I think Plank is better known than Slough having been a candidate for criminal district attorney here two years ago.

I look for Dolph Briscoe and Ben Barnes to wind up in a run-off for governor.

But don't count Preston Smith out completely. He may have one

of the top spots when the smoke clears away. Polls have shown him as out of it but remember Harry Truman in 1948.

And Smith and Truman have a lot in common.

I see Ralph Yarborough winning over Barefoot Sanders although I don't like the idea one bit. Yarborough re-learned some things two years ago when he was defeated by Lloyd Bentsen and don't forget that he has some hard core support.

Sanders again is the victim of too little exposure. Yarborough is well known.

The Democratic precinct conventions are going to be fun this year.

I understand that McGovern and Wallace representation both will be out in force at some of them. It should prove lively.

Frosts Have New Daughter

Mr. and Mrs. Len Frost of San Jon, N.M. have announced the birth of a daughter, Larissa Dianne in Neblett Memorial Hospital on April 28.

The little girl weighed 6 pounds 7 ounces and was 19 1/2 inches long.

Frost is a rancher and farmer. Mrs. Frost is a former teacher of English and Spanish.

The grandparents are Mr. and Mrs. John F. Toles and Mr. and Mrs. Jack Frost, all of Happy.

Hunsley Hills Tourney Set

The first annual Hunsley Hills Partnership tourney will be held Saturday and Sunday.

The 36-hole tourney will be a low ball, stroke play affair. The 12-team flights will be determined by handicaps and all golfers must have a handicap card.

Entry fee for the toureny is \$35 per team.

Mrs. Charles Smallwood, right, president of the University Study Club, presented checks Tuesday to the Girl Scouts, represented by Mrs. B. J. Ormsby, the Canyon City Library, represented by Dr. Myron Dees, and the Babe Ruth League, represented by Dr. Bill Cooper. The Scouts received \$100 and the others \$50 each.

Chamber Polls Students On West Texas State Campus

Seventy one per cent of students polled at West Texas State University plan to vote in their homestate while 22 per cent plan to vote in Canyon.

Other questions included in the poll taken by the Chamber of Commerce concerned residence, board of regents, the drug problem, marijuana use, and the attitude of the Canyon community toward the University.

The poll was conducted on the campus in March and April by the Canyon Chamber, according to Director Roland Black.

Number of students polled was 2,296 or 36 per cent of the spring enrollment at WTSU.

The question of local, state,

and national elections also revealed five per cent did not respond to the question.

Twenty seven per cent of the students felt the Canyon community was very hospitable in accepting students in the community and 15 per cent felt the community was negatively oriented toward the university.

Forty nine per cent felt the community did not offer enough recreation for students, thirty nine per cent said the eating facilities are not adequate and thirteen per cent thought Canyon reasonable in its prices.

Twenty eight per cent were generally satisfied with Canyon as a university town. Fourteen per cent had no opinion.

The poll indicated 31 per cent of the students live on campus, 28 per cent live off-campus in Canyon, and 41 per cent live off-campus and commute.

When asked if WT has a drug problem, 20 per cent answered yes, 28 per cent no, 39 per cent possibly and 13 per cent had no opinion.

Twenty two per cent of those polled had used marijuana, four per cent LSD, five per cent hard drugs, 50 per cent have used standard American cigarettes, 73 per cent have used alcoholic beverages, and 22 had used none of the above.

Concerning the penalty for selling or possession of marijuana, 42 per cent felt possession should be a misdemeanor and selling a felony.

Eleven per cent felt both should be misdemeanors, 25 per cent felt both should be felonies and 14 per cent felt neither should be prohibited. Eight per cent had no opinion or no response.

Forty three per cent of the students thought students should be permitted on the board of regents as advisors, thirty three per cent felt the students on the board should have full voting power, 12 per cent would not allow students on the board, and 12 per cent had no opinion.

Fifty four per cent polled said homecoming, if held, should emphasize homecoming activities and attendance and have a better presentation of Miss WTSU.

Sixteen per cent would leave homecoming as it is, 11 per cent would use the money for academic scholarships, and four per cent would substitute a parent's day. Twenty two per cent had no opinion.

Umbarger News 164 To Cast Ballots Saturday

By SUSAN DOLLE

ONE HUNDRED SIXTY-four people will be busy Saturday, but not too busy to take time out to vote in the primary elections. That is the number of eligible voters in this precinct, and more than likely most of them will take their voting privilege seriously.

A CANDIDATE FROM this precinct is Raymond Batenhorst who is running for county commissioner. Raymond has spent the past few weeks canvassing the county with a lot of help from his daughters.

IF YOU ARE still not sure how to vote Saturday, the League of Women Voters Guide can be found at several businesses in town, including the bank and the drug stores. The publication lists the candidates from both parties and tells their positions on several issues.

PISTOLS AND PETTICOATS Square Dancing Club used the fifth Sunday on the month to dance to the calling of Herrick Allen. New members were accepted in the club: Mr. and Mrs. Bob West, Mr. and Mrs. Ray Wiley, and Mr. and Mrs. Joe Taylor of Canyon and Gary Moore of Hereford. Usual nights for the club dance are the first and third Sunday of each month.

St. Mary's Altar Society of Umbarger held an installation of officers at its regular monthly meeting Tuesday night. Mrs. Richard E. Friemel began a two-year term as president with Mrs. Vincent Meyer, vice-president; Mrs. Carroll Adams, secretary; Mrs. Joe Grotgut, treasurer; and Mrs. Ronnie Haschke, historian.

During the meeting, Mrs. John Wieck, outgoing president, thanked the officers and committee chairmen for their

work during the past two years. Refreshments were served to members by Mrs. Joe Wieck, John Wieck, and Ed wieck.

A RECENT SURVEY of fish at Buffalo Lake shows that the right kind are growing there! Paul Ferguson, refuge manager, said channel cat and yellow bullheads can be found and they measure about seven inches. One five-pound fish was seen. Mr. Ferguson said there is no evidence of carp. Fishing will be permitted whenever the fish measure eleven inches or more. A fee for entering the refuge will again be established.

MR. AND MRS. W. P. Jansen entertained guests from DePere, Wisc. last week. Mr. Jansen's cousins, Mr. and Mrs. Felix Garsow and Mr. and Mrs. Vess Cavil stopped at their home while en route to Old Mexico. The two couples will also tour other states before returning home.

CONGRATULATIONS TO GARY Gerber, son of Mr. and Mrs. Ray Gerber and a junior at Canyon High School, who won a baseball award at the All Sports Banquet last Friday night. Gary was also named king for the girls' basketball team. Mary Raef, daughter of Mr. and Mrs. L.L. Raef, was honored as queen for the boys' basketball team. Mary is completing her years at Canyon High School in a whirl of activities as president of the senior class.

DID YOU HEAR about the man who sent the Internal Revenue office in Dallas an unmarked envelope with 5 \$100 bills enclosed and a note which said he was sending the money because he had cheated on his income tax form and couldn't sleep. He closed by saying that if he still couldn't sleep, he would be sending the \$500 more.

I WISH to thank all the good people who bought a subscription during the drive. Everyone was most cordial and helpful; I hope that you will enjoy reading the newspaper.

Podzemny, Miss Hefley
Named Valuable Players

BY PAULINE HEFLEY

A BIG CONGRATULATIONS to Mike Podzemny and Jodi Hefley who were honored Friday evening last at the Canyon Boosters Club All Sports Banquet. Mike received the award in boy's basketball for the second year and is the first boy ever to receive such an honor for two consecutive years. And, Miss Jodi was the first young lady to receive the M.V.P. award in Girls Tennis. Mike and Jodi, we're real proud of both of you. We in the North end of the Canyon School District continue to be proud of the contribution our young people make in the overall Canyon system.

OUR SINCERE SYMPATHY is extended to Joan, Linda and Susan Youssi in the death of their husband and father, Rolland H. Youssi.

SEEMS AS THOUGH that Canyon Symphonic Band continues to bring home the honors, the most recent of which are a "One" in Sightreading from the Greater Southwest Music Festival held in Amarillo this last Friday. The band was under the capable direction of J. W. King and those from this area who let their time and talent be seen and heard were Cindy and Kurt Johnson, Sherry and Linda Ford, Bryan and Larry Young, DeAnn Holmes, Ken and Kathy Cantrell, Mike and Phillip Tucker, Brian Dodson, Arthur Speer, and Quentin Ely. I am sure some of the students received individual ratings for playing same, such as Jodi Hefley a "2" rating on the harp, but we do not have those to report. But congratulations to all the students who were involved and we know this represents lots of hard work and in some instances a sacrifice of some of the more fun, frivolous things in life.

THAT CHARLES PURCELL on Arden Road recently spent one week with 62 other bodies (all adults) down at Athens at a Boy Scout Training Session. Understand this retreat is by invitation only and there were nine from Amarillo attending. Charles says this is actual in-the-field campouts. He reports a real good time and actually saw some good rain one nite that made for wet tents and wet people, but they still managed to get the fires started. Isn't it great that our big bodies will take off from their income—producing involvement to go and learn how to teach our little bodies some of the more pleasant things in life. Like how to start a fire without matches, and then the little bodies can bring to mind when they are big bodies all in a huddle and bustle how they spent many nites camped out in the woods, etc. Thanks to you all who are helping in storing away these pleasant dreams.

HAPPY BIRTHDAY TO Mark Young.

Edwardses Travel In Camper; Gary Atkerson Home On Leave

BY VICKI HOOKER

WHEW! IT'S FINALLY over! Yes, The Canyon News subscription Contest came to an end Tuesday night as all the Contestants gathered for a little party at The Canyon News and received their checks. It's been a long, but interesting four weeks, and I would like to personally congratulate all the winners and I'd also like to thank Troy Martin, Margo Fields and Joan Castleman of the Canyon News for giving all of us the opportunity to win some extra money, and for all their help and hard work during the Contest. They all did a great job.

AGAIN, THANKS TO all of you who helped me in the contest. However, just because the contest is over does not mean I can't sell. I'd still be more than happy to sell you a subscription!

OUR NEIGHBORS LENA and Lum Edwards returned home last weekend after spending two fun-filled weeks in their new Camper. Their first stop was Pearidge, Ark. Where they visited some friends, Mr. and Mrs. Shell Gulley. The Gulleys are familiar to many Palisades folks because they used to play "42" down here when they lived

in Claude.

NEXT THE EDWARDSSES travelled to west Plains, Mo., to do some fishing at Beaver Dam. But unfortunately, 8 inches of rain fell the three days they were there and the wind was too high to do any fishing. Lena said the rain came so hard and fast that one day they had to wait 2 hours for the water to go down before they could cross a bridge!

FROM MISSOURI THEY came back to Oklahoma City and spent one night (the only night they spent out of their camper) with Lena's sister, Mrs. Ruby Bell.

WE'RE GLAD THEY'RE home and had a safe trip, and we know that Lum is glad to be home so he can work on the roads!

HOME ON A ten-day leave is

Onnie Atkerson's brother, Gary, who is a Chief in the Navy. Gary has been in the Navy 18 years and is presently stationed in Honolulu. He plans to retire in 2 years and this will be his last trip home until then.

WHEN HIS LEAVE is up, he will return to Pearl Harbor for a while, then will be transferred to Australia. Estelle, Onnie's wife, thinks this will be right up Gary's alley because he loves to hunt and fish.

WHILE HE IS here, he will spend a couple of days with Onnie and Estelle, and hopefully he and Onnie will get to do some fishing if Onnie can get off work. We hope they have a good time and enjoy being together.

YOU REMEMBER LAST week I mentioned that Garland Turner's brother, Paul was here from California. As the week wore on, Garland's brother was the center of attention at a dinner given last Sunday in his honor at Garland and Mildred's. About 50 relatives came to see him. Most of them were from Amarillo, but some came from Childress and some from Holbert, Okla. Everyone enjoyed the get together, according to Garland. Paul will be leaving today

to return to California.

THE MAY DAY Luncheon in Canyon last Monday was a really nice affair and those of you who missed it missed out on a lot of good food and entertainment. Each Club presented its Woman of the Year with a silver bon-bon dish and a Corsage. Our Woman of the Year, Jo Delle Walker, looked lovely (as she always does) with her corsage of yellow daisies, and we were very proud of her. We were sorry that many of you could not come. Maybe next year?

LULE AND WANELL Childers, grandson, Michael Brown, has been staying with them since January. His parents were stationed in Panama, and Michael had to be here for a series of operations on his right ear. The surgery is corrective in nature. It is being done to form an outer ear for him, which he was born without. Michael who is 4 1/2 years old has already undergone 2 of 6 operations. The last operation was performed in Amarillo last Tuesday. The first operation was very successful, and we hope this one will be, too.

ONE WEEK AGO last Sunday Mrs. Dora Waldrop entertained some friends in her home

she had not seen for about 4 years. They were Dr. and Mrs. Claude Fly from Ft. Collins, Colo. Some of you may remember reading about Dr. Fly. He is a soil Conservationist who went to Uruguay in 1970 to study the soil and try to find a way to grow food there. While there he suffered a heart attack and was captured by the Lupamaros who were in opposition to the Uraquayan government. He was in captivity for some seven months, but was released when it became apparent that he needed medical attention in order to live. He was released to a hospital where he stayed until he gained the strength to return to the states.

SINCE HIS RELEASE he has been on tour and making speeches about his captivity in Uruguay, and he and his wife passed through here on their way home.

DR. AND MRS. Fly are long-time friends of the Waldrops. Mrs. Waldrop attended Panhandle A&M in Goodwell Okla., where Dr. Fly was teaching agriculture in the Dust-bowl days. He and Mr. Waldrop began the Soil Conservation Service here in the 1930's and worked together in it on and off until the 50's.

DORA COMMENTED THAT the reason Dr. Fly was treated fairly well by the Lupamaros was because he is such a gentle and friendly man. In a news interview Dr. Fly said that he prayed twice each day for his captors and that eventually a certain trust developed.

DR. AND MRS. Fly were only here Sunday and left Monday morning, but even though it was a short visit, Dora enjoyed seeing her friends well and happy again.

JACK AND IRENE Parker took grandson Randy Carthel and his mother, Roberta, and his girlfriend Mara Campfield to Colorado Springs last weekend. Randy raced his 250 Ossa in a one mile race around a horse race track against boys from all over the Nation. Randy did not place, and he said it was pretty scary out there. Some of those boys made that mile in 42 seconds! But he got some good experience and all had a very good time!

DON'T FORGET BOARD meeting Tuesday night, May 9, at 7:30 p.m. It will be at Dan Bailey's and is an open meeting. So come on out!

HAPPY BIRTHDAY TO Odell LaGrone whose birthday is on the 10th!

Lake Tanglewood News

CHURCH SERVICES WAS not attended by as many Lake Tanglewood residents last Sunday as it usually is. This was probably because Daylight Saving Time went into effect Sunday Morning and many forgot to set their clocks. But attendance will probably be up to par again this Sunday and as Dr. Robinson said, "We'll probably be used to it in 3 or 4 months!"

LAST NIGHT THE first in a series of first aid classes was held in the Lake Tanglewood Club. The classes are being taught by Mr. Leonard McKinney from the Amarillo Fire Department and are open to Lake Tanglewood and Palisades residents. There is no charge, and at present Mr. McKinney is not setting a limit on how many classes there will be. It all depends on the interest shown for such a class. Those who attend, have enough hours, and pass the test given at the end will be issued a first aid card.

WE HOPE THAT many of you will want to attend for it will be beneficial to both communities to have people near who can render first aid in emergencies.

The next class will be Thursday, May 11 at 7:30 p.m. in the Lake Tanglewood Club. Please try to make it.

THE AMARILLO HOME Builders Auxiliary met at the home of Mrs. Bert Thomas last week for a salad luncheon and business meeting. Mrs. Deward Walker, a guest at the meeting, demonstrated print lifting.

MRS. NELDA SHEETS of Spearman taught the Silva Mind Control Class in the home of Mrs. W. I. Molesworth last Monday and Tuesday. This is a very interesting course in programming the mind to think positively. All those interested in taking the course should contact Mrs. Molesworth at 622-0721 for further information on future courses.

THE BRIDGE CLUB, met yesterday (Wednesday) at the home of Mrs. Mel Potts.

THE OFFICERS of the A. E. Shirley Chapter 986 Order of the Eastern Star gave a tea yesterday in the home of Mrs. Mary Morris. The tea was given in honor of the Chapter 5 Grand Officers: Mr. and Mrs. J. B. Lowe, Mr. and Mr. J. T. Carver, and Harold Kimber. There were 65 guests present from the surrounding area.

MORE TANGLEWOOD RESIDENTS on trips! They are Mr. and Mrs. Chick Hickman who left for a ten day tour of Greece and the Holy Lands, Mr. and Mrs. Bert Thomas, who are in Hawaii, and "Welcome home" to Mr. and Mrs. John Anderson who recently returned from ten days in Russia. (More on that next week.) We hope those travelling enjoy their trips and return home safely.

WE ARE GLAD to have Mrs. Ethel Badrow home again after her one week stay in the hospital. Several tests were run on her, but she's doing O.K. now. Here's hoping that you stay well, Ethel!

MR. AND MRS. Deward Walker entertained guests in their home last week. They were Deward's brother and his wife, Mr. and Mrs. C. R. Walker of Paducah. They all tried to fish, and since they didn't catch anything they blamed it on the wind! Lorene Walker did say that after leaving her pole in the water all night one night she caught a 10 or 12" Channel Cat!

YOU PALISADES NEWS-TIPPERS are doing very well. I appreciate your calls. It saves me a lot of time. Lake Tanglewood people don't forget to call Lorene Walker or Roberta Currie and give them your news. They'll appreciate it too!

HAVE A GOOD week. If you smile it helps!

David West, representing the Canyon Chamber of Commerce, will request—by letter—that the Canyon Post Office be open from 8:30 a.m. to 12 noon each Saturday.

West agreed to make the request Monday night during a regular session of the board of directors of the C.C. Board members voted the action.

Chamber officials said this action was taken on their own after receipt of several inquiries from citizens who support Saturday hours.

Also at the Monday session, West called attention to a meeting of Water, Inc., to be held May 14 at the Farm Bureau building

here. West encouraged all members of the board to attend that session.

Various chairmen in charge of operations of the upcoming Canyon Days festivities gave short reports during the session.

Kenneth Thompson, parade chairman, reported that he has sent 50 invitations to various civic clubs and other organizations in hopes of obtaining wide participation this year. He said he already has received some confirmations, noting that it appears at this time that "quite a few" parade entries will register this year.

Eddie Holcomb, chairman of the barbecue committee, told the board members his plans are well along, and Cary Magness, chairman of the July 4 Celebration, reported same.

The July 4 program will include a watermelon feast and fireworks show on that day, with the parade slated July 8, at 10 a.m.

Raymond Raillard reported that the tourist committee was to have some 3,000 brochures describing Canyon tourist attractions ready for distribution this week. The new brochures feature Palo Duro Canyon, the museum, the annual show, "TEXAS," and Buffalo Lake as most significant attractions.

Eddie Knowles, chairman of the C.C. legislative committee, told the group he felt like Randall County "72 was a great success." He also informed the board that he has been in contact with the Graham Purcell concerning the I-27 west bypass issue. He reported that Purcell has promised to "take action" soon.

Monday's meeting was held at the Community Center.

Mrs. Alma Perkins, teacher of special reading at Rex Reeves School, is shown at work helping youngsters to improve their reading skills. Assisted by a student teacher, Mrs. Perkins enjoys wondering what the future holds for her students, as she's seen many grow to adulthood. Mrs. Perkins will retire at the end of the current school year.

Mrs. Alma Perkins Will Retire; But She'll Have Plenty To Do

"Everybody knows you retire at age 65," said Mrs. Alma Perkins, teacher of special reading at Rex Reeves Elementary School.

That was her good-natured response to a query about her age. Tuesday night she was honored by her associates during the Spring Banquet of the Canyon Classroom Teachers Association. She was honored for many years of successful work among the city's youth—particularly for her work as special reading teacher.

As a teacher, she knows she should be an avid reader—which she is. This week she said she was reading a book called "The Passions of the Mind."

Her reading she said, comes in cycles. Recently she found herself in a cycle of reading of historical works.

Mrs. Perkins will retire from Canyon Public Schools duties at the end of this school year. That was why she received accolades Tuesday night.

How does she feel? "Well," she said, "there is a little feeling of nostalgia when you end one chapter, and then begin another in your life. But I have so many things to do that retiring probably won't mean much."

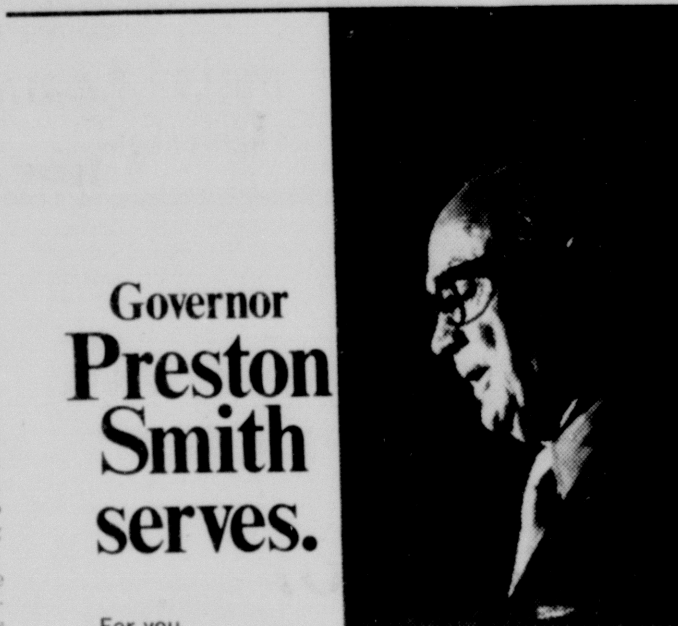

She plans to do some substitute teaching "if they'll (school officials) let me." She also plans to continue her hobby of painting, and of course, reading. "I'm also a gardener," she said, adding she's a bridge enthusiast. Also: "I like to sew, and do a little knitting. But my biggest hobby involves my grandchildren." (The grandchildren live in Alabama and in Irving, Tex.)

Mrs. Perkins' husband, Ebb, is a retired mechanic; he served as mechanic for the CISD for some 15 years, working primarily with school buses. Professionally, she has served

as president of the CCTA three separate times. She also has served as president of the District 16 of the Texas State Teachers Association. She also has been active in the local Randall County Unit of TSTA.

She has served on the state board of the Texas Classroom Teachers Association for two years, and a member of several state committees for the TCTA.

Among other things. But most importantly, she has taught "countless" youngsters how to read better during her years as teacher at Rex Reeves School. The personal value of years cumulatively held for her is "intangible," she said. That value involves watching children grow to become what they become, and knowing that she "had a part in it."

Missing Grads Being Sought

Seventeen members of the Canyon High School Class of 1962 cannot be located—and Mrs. Lewis Lindegren, spokeswoman for a class reunion effort this week launched their search for them.

Mrs. Lindegren said a class reunion of the 1962 graduates is planned for June 23 and 24. She said she hoped that the missing 17 could be located soon, in an attempt to bring CHS '62 grads together for a big dinner and picnic.

Deadline for filing reservations with Mrs. Lindegren is May 15, she said. "But they need to RSVP by June 1," she added.

Cost to each CHS ex-student

will be \$2.

The dinner is slated June 23, and the picnic, June 24.

Interested persons should contact Mrs. Lindegren at this Amarillo telephone number: 355-8614.

The missing 17 ex-students are: Kay Allen and Doug Ward, Mike Cheatham, Phyllis

Friemel, Bambi Green, Leon Henderson, Danny Johnson, Rose Lancaster, Sharon Lee, Lonnie Martin, Mary Beth Maxwell, Ronald Osborne, Don Raef, Jerry Reynolds, Juanita Roubinek, John Title and Gleason Kelly.

Cezanne Exhibit To Be Featured

An exhibit of reproductions by Cezanne, a French post-impressionistic painter, will be featured Friday through May 20 in the Panhandle Plains Historical Museum.

The display is courtesy of the French embassy, according to a

spokesman in the language department at West Texas State University.

A film, on the life of Cezanne will be shown at 3 p.m. and 4 p.m. Sunday at the museum.

The exhibit consists of portraits, still lifes and landscapes.

Teams Take Two Honors

Two Randall County 4-H teams took honors last weekend during District Four Elimination contests held on the campus of West Texas State University.

An 8-person team won a third place award in a "junior share-the-fun" contest, wherein a patriotic skit won the honor. Team members included Janie Irlbeck, Jana Beth Cranmer, Neal Henders, David and Brenda Abbott, Pan Bethel, Ronda Davis, Jill Leavitt.

Coaches for that team included Mrs. James Irlbeck and Mrs. Raymond Hunter, who also served as pianist for the team's skit.

Another team, a soil evaluation team coached by Don Dolle of the Soil Conservation Service, took a second-place award in soil judging. Team members were Rocky McRoberts, Shawn Hall and David Hall.

Roland Black, of the Canyon Chamber of Commerce, reminds Canyon residents—as well as college students and tourists and visitors to this city—that a wealth of information about the "big country" of the Panhandle is available to them at the Chamber offices on 4th Avenue. Roland said this week the C-C is planning an intensive continuing campaign designed to bring more tourists to Canyon—and hence to bring more dollars into the Canyon economy.

Officers Elected

Members of the Canyon Classroom Teachers Association elected new officers during their annual Spring Banquet Tuesday night.

The new officers include: president Herman Demus; first vice president, Mrs. Vera Brown; second vice president, Jane Westberry; secretary, Marilyn Maynard; treasurer, Treasure Brasher; parliamentarian, Mrs. Lee Reeves.

Some 275 persons held reservations for the Tuesday banquet,

at which the new officers were initiated into office.

Highlight of the banquet came when association members honored Mrs. Alma Perkins, who is retiring at the end of the school year. Mrs. Perkins is special reading instructor for the 4th, 5th and 6th grades at Rex Reeves School.

Special guests at the banquet, held at the junior high school cafeteria, included members of the Canyon Independent School District.

RANDALL COUNTY TEX.

The solid lines on the map of Commissioner's precincts in Randall County indicate the boundary lines of the precincts as recorded in the commissioners court minutes. The broken line in Precinct 2 indicates where Commissioner Jim Fletcher and Bill Butler contend the boundary between Precinct one and two should be.

THISWEEKEND offers Canyon residents an opportunity to see top notch swimmers in action at the WTSU Activities Center. (Saturday 9 a.m. with finals at 6 p.m.)

Times set by these swimmers in this "fast" 50 meter indoor pool may be used to qualify them for the Olympic Trials.

This Pre-Olympic meet features a number of area swimmers and others from all over the Southwest.

Mrs. Don Dean of Amarillo, noted that with the great Canyon based facility (the pool is one of a

Cuba more than one million have left there. Living there means surrendering all of your property and any money you may have, even personal belongings like family pictures...and still the Cuban people are searching for Freedom and leaving the island in anyway they can. I'm glad I don't live there.

"Speaking as one (former Cuban), we owe a tremendous debt of gratitude to the people of the United States for the way we have been received here.

"When Castro took over I was in England, and then I worked in the underground helping Cubans to leave the country and trying to overcome Castro's regime...until my personal efforts were no longer fruitful."

Mike added that he took his PHD from Havana University, and taught for awhile at the University of Oriente, during pre-Castro days.

"I once was head of the national economy department of the Cuban Economic Board, then I moved to Europe where I was chief negotiator for sugar before Castro took over."

Mike said he stayed in London for 10 years rather than going back to Communist Cuba. He came to this country six years ago.

He and his family moved to Canyon from London. "We were surprised," he laughed, "with the good climate here and still everyday we get up and we say this is a good day."

Taking note of the hue and cry over discrimination, Mike wanted to say this, "as an American," "Cuban blacks are trying to leave that country. Castro doesn't want them to, because he doesn't want to allow them to tell the world that Communism discriminates against the blacks. And in my trips to Russia, I met many Cuban students sent there to be indoctrinated, and the blacks always complained about the discrimination. I saw that in the Soviet Union, East Germany, Poland and Czechoslovakia.

Summing up his experience—both good and bad—during an interview with the Canyon News this week, Mike said, "We had never heard of Canyon, Texas, when we came here, and yet we were told about the wonderful people here, and reality has proved that beyond our expectations.

"I'm glad I live here."

And that was the exact sentiment of his wife and his daughter who Monday, shared with him "the highest honor" of his life.

very few true Olympic sized in the state) that it is surprising that Canyon swimmers aren't leading the field at the swim meets.

Perhaps some will develop in the near future, we can certainly hope so. Swimming is certainly a contest in which all sizes and weights can compete equally...with proper training and conditioning, of course.

It is also a shame that WTSU doesn't offer swimming scholarships. The university has a superb coach in Bob Connors and with the right material WT could compete with the best of them.

SOME OF CANYON'S hardest working clubwomen were honored Monday at the Home Demonstration Club's "Women of the Year" May Day Luncheon.

The honorees included Mrs. O.C. Free, Edgetown; Mrs. Bernard Grabber, Highland; Mrs. Ervin Davis, Jewell; Mrs. B.C. Walker, Palisades; Mrs. C.D. Todd, Palo Duro; Mrs. Cristler Crain, Pleasantview; Mrs. Gene Shipman, Sunnyhill; Mrs. Ed Bourn, Westside.

Amelia Irbeck was the MC and Carroll Killingsworth provided the special entertainment.

DORIS MARTIN was talking to some of the city's civic leaders this week about an Arts and Crafts Fair on the Square. It seems that Kerville has one each year and brings in thousands of dollars in revenue for the city.

Sounds like a pretty good idea...don't you think?

AAUW'S SALAD LUNCHEON will be held Saturday at 12:30 p.m. in the Duane Guy home, 709 Taylor Lane.

Hostesses for the annual affair are Mmes. David LaBrie, M.L. Sherrod, W.F. Hagard, and Patrick Kelso.

This group is made of college and university graduates from across the nation who have made Canyon their home.

Three study groups are available to the members, current books, drama, and crafts.

The current books groups don't meet, their members simply each purchase one new book then rotate it to another every two weeks.

Mrs. John Green is president of AAUW. Those interested in becoming a member should call Mrs. W.M. Stoker for other information.

fireman, chamber of commerce director, city commissioner and mayor, and was named Man of the Decade in 1970. Lindsey has also served on the school board.

Lindsey moved to Canyon in 1929.

Charlie Donnell, a resident of Randall County for 50 years, served as Canyon mayor from 1958-1960. He is a graduate of West Texas State University and has 21 hours toward a master's degree.

He was a marine during World War II, and has been president of the Chamber of Commerce and chairman of several organizations.

Raymond Batenhorst, a stock farmer in the Umbarger community, has been a resident of Umbarger for 54 years. He served on the school board 24 years and on the Farm Bureau board 20 years.

He is presently serving on the Randall County Hospital board, and is a member of St. Mary's Catholic Church and the Knight of Columbus.

Bryan Poff, who has served one term as state legislator, is presently engaged in private law practice. Prior to entering private practice, Poff served on the staffs of the 47th District Attorney and the Potter County Attorney.

Poff was named recently as member of the House Appropriations Committee and during his first term served on the Governmental Affairs Committee, the Public Education Committee, the Highways and Roads Committee, the Motor Transportation Committee, and the Committee on Judicial Districts.

Hudson Moyer served as state legislator eight years. He is currently engaged in private law practice in Amarillo.

Rhett Plank, Canyon attorney, is a 1965 graduate of West Texas State University and holds a Doctor of Jurisprudence degree from the University of Houston. He attended public schools in Hereford and Canyon.

He is a member of the Randall County Farm Bureau and the Canyon Chamber of Commerce and the First Baptist Church.

Bob Slough is currently engaged in private law practice in Amarillo. Slough was a former member of the staff of the Potter County District Attorney.

However, he said, the commissioners would be required to review the boundaries under the new one-man-one vote decision next year at any rate.

On August 30, 1971, Commissioner Fletcher moved the legal description of the commissioners precincts remain as adopted in September, 1969, at the time when a new Justice Precinct was created in Umbarger, according to the minutes of the commissioners court.

Hutton said the line dividing Commissioners Precincts nine and ten is also the boundary between the Amarillo Independent School District and the Canyon Independent School District.

WILL YOU
VOTE FOR
JUST A
NAME?

These Men
Won't!

An individual will be elected to serve as Lieutenant Governor... He will have to rely on his own experience... his own ability... his own judgment... Many responsible men and women think Ralph Hall will substitute hard work and ability to make up for the lack of a "famous name."

"Sen. Ralph Hall has fought for local government for years. He has pledged to halt the trend of giving local government more and more responsibility with no additional revenue. He deserves our full support."

County Judge W. D. Henson,
Past President, County
Judges and Commissioners
Association

"No person in State Government has been more responsible for good, sound and meaningful legislation for higher education than Sen. Ralph Hall. His skill in co-sponsoring (with Sen. J. P. Word) S.B. 56, the Tuition Equalization Act, has been of tremendous benefit to all Texans, as it preserves the balance between public and private higher education, and assures a student of the right to attend the school of his choice. At the same time, Sen. Hall's efforts have saved the state millions of dollars in construction costs. He would make a fine Lieutenant Governor."

Abner McCall, President,
Baylor University — 6/20/71

"Sen. Ralph Hall has long been an advocate of Consumer Protection Legislation. His Senate Bill 430 last session was the strongest Consumer Protection bill in Texas history."

Bryan P. Smith, Past
President, Texas Consumer
Assn., 3/22/72

"Sen. Ralph Hall has either sponsored, co-sponsored or supported every major education bill since coming to the Senate. There are no better people and I have no better friends than Ralph and Mary Ellen Hall."

Sen. A. M. Aikin, Dean of the
Texas Senate — 6/3/68

"Sen. Ralph Hall set a most outstanding and enviable record as a State Senator, and he is more than just an election-year Democrat. He deserves the full support of every Democrat in Texas."

Dr. J. D. Tomme, Jr.,
Fort Worth, Texas
— 2/15/72

"When we visited your city, I promised to restore the people's trust in their government and to stop influence peddling in Austin. This I will do when I am your Lieutenant Governor."

THE BEAUTIFUL MEMORY Gardens Cemetery which is right in the midst of our neighborhood has a new sales manager. He is Pete Pendell, a veteran of Viet Nam, and he is also assistant manager. By the way, he is the youngest assistant manager in the association which covers several states. He and his wife Linda live in the Cambridge House Apartments, of which Linda is a manager. They both grew up in Waco and dated for quite some time prior to their marriage last summer. All the personnel at Memory Gardens are quite proud of Mr. Pendell.

Recent guests in the Alvin Settle family home were brothers of Alvin, Mr. and Mrs. Jim Settle and family from Lubbock and Mr. and Mrs. Richard Settle and family of Amarillo. They report a real good time visiting.

MR. AND MRS. Jim Warner were recently in Dallas to attend the Annual Mobile Home Show there which is a very large affair and includes mobile home dealers from many states. They say the new homes are very beautiful with such lovely color schemes this year.

MR. AND MRS. J. D. Tankersley and family spent the day Saturday at Lake Meredith. They really had a great time there and even missed the sandstorm here at home.

HAVE YOU NOTICED the

street sign on Bordeaux? It's all fixed up, painted and set in concrete. Sure is nice and now everybody can tell where Bordeaux Street is.

MR. AND MRS. R. A. Stark and family were at the home of R. A.'s sister and family the Putt Jaspers near Silverton Sunday to celebrate the birthday of R. A.'s and Nelda's mother Mrs. Rose Stark of Tulia. May all of her birthday wishes come true this year.

WHILE OUT WITH subscription sales this week I met the new manager of Bruce and Sons moving in Amarillo. He is Paul Baumann and has recently become the new owner of Andrews Moving and Storage. He and his family have moved here from Perryton where they

had been for 14 years. He and his wife have a seven year old daughter, Paula Sheri. The location of the office and warehouse is 6037 Canyon Drive. Do drop by and visit with them anytime.

MRS. WANDA LEITH was in Dallas over the weekend on a business trip. She has also been elected president of her sorority, Eta Epsilon Chapter of Epsilon Sigma Alpha and will be in Fort Worth to attend the annual meeting this week.

MR. AND MRS. Grover Booth were in Memphis this past weekend visiting with friends and relatives. While there they attended the motorcycle endurance races which had the largest attendance of any of these races so far.

CUB SCOUT PACK 131 had its field day outing at the farm of Dr. Leonard Wilson. They had a very informative experience with soil and water conservation. Soil and Water was also the theme for the Friday night Pack meeting at the Canyon Community Building. John O'Conner was the speaker and showed films for the boys. The theme fit in with the wishing wells made of popsicle sticks by the boys. Awards including Wolf Badges, Advancement on Bear Badges, Den awards and Patches for ticket selling for tickets to the Scout-O-Rama. Receiving the awards were Robert Foster, Marvin Hill, Ted Pepper, Tommy Sharp, Layne Williams, Jay Andrews, Brian Lehman and Jay Hunevutt. Mrs. Cecil Matthews Attends Church Meet

Mrs. Cecil Matthews was one of eight delegates from the Northwest Texas Conference who were in Atlanta April 16-28 to attend the General Conference of the United Methodist Church.

Mrs. Matthews was also a member of the Legislative Committee on Missions, which dealt with 1200 petitions requesting various actions in the area of missions.

Among the decisions which the conference made is one which will combine the Wesleyan Service Guild and the Women's Society of Christian Service into a single organization for women in the church.

Miss Naomi Hare, seated, was a special guest at a W.S.C.S. luncheon in the home of Mrs. Stan Elliott Tuesday. Miss Hare is a Methodist missionary in Chihuahua City, Chihuahua. Pictured with her is Mrs. Cecil Matthews, recently returned from the General Conference of the United Methodist Church held in Atlanta, Ga., April 16-28.

Re-elect
ROBERT S.
CALVERT
STATE COMPTROLLER

ROBERT CALVERT is a member of the National Association of State Auditors, Comptrollers and Treasurers, and a Member of the Board of the National Association of Tax Administrators.

ROBERT CALVERT SAYS: "During my years of service with the Texas Comptroller's Department it has been my policy and practice to continually keep the operations and working conditions modern and in line with the laws which prescribe the duties of the Comptroller. It is my desire to continue to serve the people of Texas in the most efficient way possible."

(Paid Pol. Ad by Robert Calvert, State Comptroller)

Jackie Burrow, 23, sits atop one of the sparkling old buggies in the vehicle collection at the Panhandle Plains Historical Museum. Miss Burrow has helped to refinish the woodwork on some. She works at the Museum as she completes her studies for her bachelor's degree at West Texas State University this spring. She will become a teacher of retarded children in Dallas upon graduation, she says proudly.

Student Plans To Teach Retarded

Her future involves certain young people who she says are "forgotten people."

Twenty-three-year-old Jackie Burrow, a senior physical education major at West Texas State University, plans to go to Dallas following her graduation and join a firm known as Angels, Inc. That firm specializes in assisting educable and trainable mentally retarded children.

And it will be her job to serve as a teacher for Angels, Inc. Miss Burrow said the Angels' operation is headquartered at a Dallas orphanage. She said, "There are really no words to describe the good work they're doing (with young retarded children)."

Right now, before graduation, Jackie is assisting officials of the Panhandle-Plains Historical Museum in updating their collection of antique buggies and vehicles.

She has recently sanded and painted new additions to the collection, having done her work at Canyon's National Guard Armory.

Her superiors at the museum have commended her for her unusual diligence in woodworking. Speaking of her superiors, she said "Mr. Griffin is a perfectionist—and that's good. If we don't do this (buggy painting) perfect, future generations will be affected."

Jackie said she enjoys working with the buggies, but that her calling is that of teacher. "I've always wanted to teach, and the retarded children (whom she plans to teach and assist) are forgotten

people, in a way. You learn to love them."

The granddaughter of Mrs. Hettie Burrow of Amarillo, Jackie graduated from Amarillo's Palo Duro High School in 1967.

"When I was young," she volunteered, "I had a few problems myself."

That is her motivation for helping other young people with problems similar to those which she has overcome, she said.

WE STOCK BOTH
FAST AND SLOW SELLERS

Recent news stories told how supermarkets and discount firms are telling manufacturers: "Sell us only your fast sellers. We are weeding out all others." Their reason is that the small amounts sold of slow sellers are not profitable.

This is true, but sometimes slow selling products can be very important to the persons who need them. There are hundreds of them in our pharmacy that sell only about a dozen of each a year. We buy only a quarter of a dozen at a time and re-order when they are sold. Our reputation is to have whatever you ask for. If we don't have your favorite, tell us.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Sharon Triplett, daughter of Mr. and Mrs. T. T. Triplett, was elected queen of the recent Diadeloso, Day of the Bear, celebration at Baylor University. Miss Triplett reigned over the day that provided students and faculty with a holiday from classes and the opportunity to participate in the picnic-carnival like event on campus. The main activity of the day is the campus-wide Spring General Election to elect student leadership. Miss Triplett, a 1970 graduate of Canyon High School, is a sophomore fashion merchandising major at Baylor. She was selected one of eight Baylor Beauties earlier this spring.

Mrs. Hudson To Get Degree

BY TOOTIE BYBEE

HELLO ONCE AGAIN to you and yours. Hope this writing finds you all well and ready for a nice long busy and happy summer. Summer is the best time of the year and wish it could be summer all year long! Guess that's the kid in all of us to enjoy the fun of summer. Lot of vacation plans being made out in this part of the country and the kiddoes are really looking forward to their freedom, just three more weeks, yea.

DID ALL OF you see the write-up in Canyon's Sunday paper about our neighbor, Toby Patterson, also, the nice picture? If you have the write-up and don't want it his mom would love to have it to send to relatives.

Toby's sweet wife, Diane, and little baby, Misty, left a couple of weeks ago to be with Toby, and they are stationed in Denver. By the way, his mom said the trailer house they lived in, is for sale. If any one is interested in it, just give them a call; it's 2 bedroom and real nice, 622-0290.

WELL, THOSE CAMP fire Girls had a big time at the annual camp out this Friday and Saturday. They cooked and ate and worked and played. The camp out was at Camp Don Harrington and the girls also participated in project S.O.A.R. which is Save Our American Resources. They cleared a large camping area of yucca and mesquite underbrush and cleared it completely of litter. They did a great job. Twelve girls earned their Trail Maker Badges in Progression in Outdoor Living. A very special thank you to Mr. and Mrs. I. J. Tow who so willingly gave of their time and effort to help the girls with the projects and spent the night with us and were just a big help in every way. Also, to Mr. and Mrs. Tracy Cooper who helped transport us down and set up camp. I must add this, a extra big thank you to my sweet husband who always helps me and never complains about having a houseful of girls around all the time. To all the parents hope your little girl had a good time and wasn't too pooped out. Remember Grand Council Fire is set for May 11. Come and see your daughter presented with the Rank and honors she has passed this year.

GOOD LUCK TO Glenna Evans in her try out for Junior High Cheer Leader for next year. We will be rooting for you, love. Also, a big special Well Done to Sweet T. W. Tawanna Burdette who served as Junior High Cheer Leader this year and was the greatest. We love you.

CONGRATULATIONS TO BLANCHE Hudson who, will graduate Saturday Night from West Texas University with her Teaching Degree in Business Education. We are all so very proud of you Blanche, and now we can have a Thursday meeting at your house and eat with you.

THE THURSDAY LADIES Club met at Ann Tow's house this week, and we didn't get too much work done on our projects, but we sure had a whole lot of fun together. We had a very special visitor with us this week, little Marcy Minor, who is a month old, came with her mom, Joyce, for the first time.

WAS SO VERY glad to meet Mr. Arnett who lives in one of the new homes down close to the gate. They built their own home and he is a carpenter. Was such a nice person and will be a wonderful neighboring family I know.

THE MORELANDS UP on McCormick took a fast trip to Oklahoma this week end and took their horse down to leave in Norman. Had a good but tiring time.

THREE OF THE Tow's took part in the annual Motorcross at Memphis this week end. The winners have not been announced as yet but there are high hopes of one of the three being in the winners' circle and bringing home a trophy to add to the others.

WELL, TRACY COOPER and son, Ricky, went to Greenbelt Lake this week end to try out the new boat and do some fishing together. Said they had a real good time and that Greenbelt was really a very lovely and large lake.

OUR SYMPATHY IS extended to the Riley family in the loss of Mrs. Riley this past Monday.

NOTICED THAT THE Rosses have a fine new boat parked out in front of their house. Wonder where it came from and who it belongs to?

GLAD TO REPORT little Mikie Morgan is home from the hospital and is doing a little better but still can't get around too much. Hope he continues to improve.

WELL, SINCE I was at Don Harrington this week end didn't see a whole lot of you folks out being busy but did see a few. Saw Shirley Jones doing a good deed, (her annual good deed) watering the new neighbors' lawn. Saw Mr. Woods out working in his lovely yard. Saw the Bedwells working in their big vegetable garden. Saw LeRoy Evans busy working in his yard. On a windy, windy day saw Doug Jones and Jubal Billis riding their bikes on Mescalero Trail. Saw pretty Marty Johnson out riding one of her horses. I parked the wrong way in the street and saw Mr. Cox almost hit me. Saw Brent Mitchell and Spooky Whitehead having a ball on the Coopers' trampoline. Just saw a batch of you doing what comes natural.

WELL, I WILL sign off at this time and hope you all have a very nice week; remember to do something for someone, that's what we are here for—to help each other.

ONE LAST WORD: To my great group of Camp Fire Girls: I love you all and remember above you are the greatest group ever, so always do your best at all you do. Others are watching you. Fearless Leader.

CAREFUL DELIVERY 655-2527 CONVENIENT TERMS

880 Graduates To Receive Degrees At WTSU

A record number of students will receive degrees at the West Texas State University graduation ceremonies Saturday at the Amarillo Civic Center Coliseum. The event usually attracts more than 5,000 family, relatives and friends.

President James P. Cornette will confer degrees upon an estimated 880 seniors and graduate students at the 4:30 p.m. commencement. Last year a record 845 degrees were conferred.

The president also will present the \$1,000 faculty excellence award made by the Faculty

Council to an outstanding faculty member. Name of the recipient is not announced until commencement.

Several members of the faculty and library staff who will retire this year will be recognized.

They are Dr. Ruth Lowes, professor of education, Dr. Cranell Tolliver, professor of speech and former head of the speech department, and Mrs. Rose W. Kinzer, assistant reference librarian. Dr. James Russell, professor of education, also is retiring this year but requested he not receive special recognition until the August commencement since

he will be teaching this summer.

Miss Lowes, a member of one of the early graduating classes at West Texas State who went on to receive a Master's Degree from Columbia University Teachers College and a Ph.D. from the State University of Iowa, completes 50 years of teaching at WTSU.

Tolliver and Russell both joined the faculty in 1946.

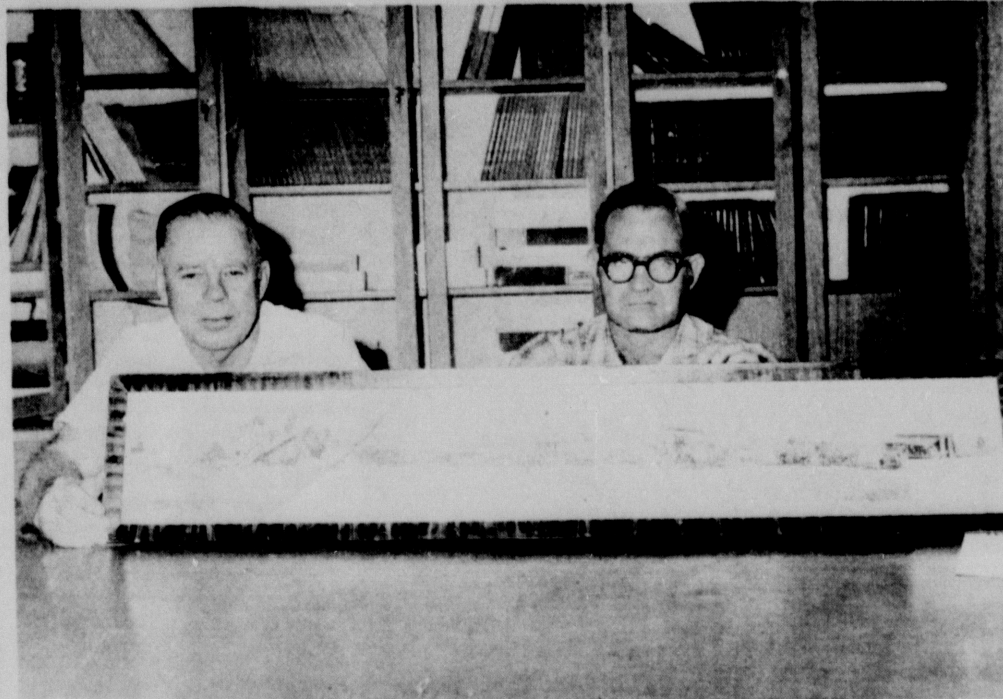

A year ago the university started streamlining its graduation ceremonies by doing away with the lengthy commencement speeches because of the

growing number of graduates who receive their diplomas individually from the president.

The university symphonic band, conducted by Dr. Gary T. Garner and Donald Baird, will perform selected pieces.

Marcus L. Adair, minister of the Faith Chapel in Canyon, will give the invocation.

The spring semester will conclude next week with final examinations for non-graduating students. The first session of summer school begins June 5 with registration in the Activities Center on campus.

Jack Downing, assistant to Boone McClure at the Panhandle-Plains Historical Museum, and Bill Harrison, curator of geology and paleontology, display an early-day photo of a threshing crew at work on the Tex-

as prairie. The historically valuable photo was donated last week to the museum by C. F. (Doc) Reynolds, Canyon resident. Downing said he was not sure yet where in the museum the photo will hang.

Jacobs Forsees Consolidation For Small School Districts

By BENNY TURNER

School Superintendent Jerry Jacobs predicted many small schools will be forced to consolidate due to the federal court decision ruling the distribution of school taxes illegal.

Jacobs told members of the Canyon School Board Tuesday if there is a state tax rate equalization, the tax dodges or havens are on their way out.

Jacobs said some small school districts are only open every other year. "This type of operation is purely a tax dodge. If a school does not operate two years in a row by state law it must be declared dormant by the county school board and must be consolidated with another school district. If a state tax rate equalization comes in it will stop this kind of tax dodge."

"It is becoming virtually impossible for a small school district to operate, and I won't define small, because it could mean a school with 25 students or 250," Jacobs told the trustees. The superintendent predicted many of the small schools will be forced to consolidate, because of the court ruling which declared the

distribution of taxes for schools illegal.

He said the number one priority is to leave as much local control for the school as is possible, "but I am sure we will see some sort of state-wide equalized tax rate—some sort of equalizations for equal education—some sort of rate (money) per child or classification."

Jacobs said he felt there would be some kind of leeway of from 10 percent to as much as 25 percent on the tax rate for local incentive and some sort of leeway for each school's bonded indebtedness.

Jacobs said present plans call for the state to determine the amount needed per student for an "equal education," then for the state to make up the difference in "poor districts."

"Some say the federal people are trying to pull as far away from this thing as they can pull. Some of them made some pretty drastic statements when the ruling first came out, but I think some of the economists put the pencil to this thing and saw how much it would cost," Jacobs said.

In other business the board instructed school business manager Ray Schultz to take care of the necessary paper work to buy one-half block of land on 11th Ave., across from the high school. In an earlier meeting the trustees offered the First Metho-

dist Church \$10,000 for the property, which the church accepted recently.

Mrs. Hazel Strickland, head of the Special Services Department, presented a program on the functions of her department.

Mrs. Strickland said there were eight inter-departments within the Special Services program, which assists 575 Canyon students.

The inter-departments are: Educable Mentally Retarded program; The Emotionally Disturbed program; the Vocational Education for the Handicapped program; the Vocational Adjustment Class for the Handicapped; and the Handicaps program.

The Special Services Department could one day be helping half of the students in the Canyon School system, according to Dr. Dudley Moore, president of the board.

Mrs. Strickland said that the number of brain damaged students is dropping but they are "more and more" students each year that are emotionally disturbed.

"The purpose of the Special Services Department is to get these students back into the main student flow Mrs. Strickland concluded.

A GAS outdoor grill gives food a tangy outdoor flavor without the time and bother of charcoal fire. Char-broiled flavor comes from the smoke of meat juices dripping on hot briquets. Charcoal itself provides no flavor. Permanent ceramic briquets in the gas grill reach cooking heat in a few minutes, and there is no long wait to start cooking. The heat is regulated manually so there is no need to move a grill up or down.

Citizens Wish To Commend CHS Choir

Canyon citizens, some of whom wished to remain anonymous this week, applauded the Canyon High School Choir, which won two trophies at the Greater Southwest Music Festival in Amarillo last week.

"People don't realize that this choir is a winning choir. Wait and see, the choir will go places. Their performance last week proved this assumption."

One person wanted to speak up. Mrs. H. R. Fulton Jr. remarked "We do have a winning choir, and lots of people don't know it." She added that last weekend's achievement at Amarillo was one of the highest ever recorded in Canyon's school history.

"What amazed us," she continued, was that the famous Temple University official, Robert Paige, rose and said, "Bravo," when the choir performed. That was rare, she declared.

She and other choir boosters commended Tom Jennings, CHS choir director, for the achievements of both the past and the future.

Canyon Will Host First Indoor Swimming Meet

Canyon will play host to one of the first indoor meter pre-olympic swim trials in the region this weekend at West Texas State's Activities Center.

Over 300 swimmers will be here for the three day event which begins at 7 p.m. Friday and runs through Sunday afternoon. The meet is fully sanctioned by the Amateur Athletics Union (AAU) and is listed in the directory of pre-olympic trials, according to Mrs. Don Dean of the Amarillo Aquatic Club, host club.

"Any man or woman who meets the Olympic time standards at this meet will be qualified to go to the Olympic try-outs," she said.

Two swimmers whose times are very close to the required qualifying times will attend the meet. Audrey Supple of the Albuquerque Heights Y swim club, who placed sixth in the National Swim Meet in the 1,500 meter free style will compete as will Jan Welsch of the El Paso Aquatic Posse who also placed sixth in the National meet recently. Miss Welch placed in the 200 meter free style event.

Some of the clubs entered are: Army, Navy, Air Force and Heights "Y" Club, both of Albuquerque; Kerr-McGee of Oklahoma City; El Paso Aquatic Posse; El Paso East Valley YMCA; Odessa Swim Club; City of Midland, Lubbock Swim Club; Pampa Dolphins; Greenville Baracudas; and Garden City Kansas Swim Club. Several unattached individuals will also enter the meet.

The lengthy events in the open class will begin at 7 p.m. Friday for both men and women. Saturday at 9 a.m. all age groups and the open classes will resume competition, with opens finals beginning at 7 p.m. that day.

Sunday at 9 a.m. and 4 p.m. the finals for all age groups and the open division will conclude.

"We need some help to put this meet on," said Mrs. Dean. "Anyone that is interested should come out Friday."

"This pool is one of the best in the state of Texas," said Mrs. Dean. "The only other indoor meter pool is one that was just finished in Dallas."

"It is also probably one of the fastest pools in the state because of the depth. Most pools are built very shallow at one end, but this one is built for college students and is deep all over. It is just a beautiful competition pool," Mrs. Dean added.

The Amarillo Aquatic Club is sponsoring one match or better the time standards at this meet of the first indoor meter olympic tryouts trials will qualify for the Olympic tryouts to be held in the region Saturday through Sunday at West later this year. Joy Williams Heads For State

Joy Williams ripped off a 60.7 quarter in the regional meet at Abilene last weekend and qualified for the state meet in Austin May 12 and 13.

The mile relay team, consisting of Lynn Davis, Alisha Nelson, Judy McBroom and Miss Williams, was clocked at 4:07, their fastest time of the year. They placed second in the race and would have qualified for the state meet but were disqualified for running out of their lane in the first lap. Panhandle, who placed third with a 4:07.1, will represent the region at the state meet. A 4:06.9 time won that race.

180 Seniors To Graduate From CHS

Commencement exercise for Canyon High School's graduating seniors will be held at 8 p.m. Friday, May 26, school officials announced this week.

The exercises will be held at the Field House on the campus at West Texas State University, with about 180 graduates expected to take diplomas.

There will be no speaker for the exercises, officials said.

Baccalaureate ceremonies are set for Friday, May 21, at the High School auditorium. A speaker was to be selected this week.

"Quality education is the key to our children's future."

"It is unfortunate, that the prospects for better education for our children should be placed within the emotional cloud of the bussing issue. I am opposed to massive, forced bussing for the purpose of reaching an arbitrary and artificial balance of the races. The differences in learning ability are primarily formed in the home, not in the school.

"I do not believe that bussing can materially improve the quality of education for any child in Texas. If I did believe that, I perhaps could support bussing. The types of school bussing that have been ordered in some cities pose an

egregious threat to our schools. It is an economic Pandora's Box.

"My position, then, favors expenditures that promote equal education within our existing public schools rather than leaving inferior schools as they are and sending children to them from better schools. I will be the first to concede that every school in Texas is not equal insofar as quality of instruction is concerned.

It is our resources — money, teachers, and curricula — that must be shifted and given equal division if we are to have an equitable educational system for all our children."

Mrs. Lindsey Busier Than She Knew

By NELL WILLIAMS
 "I don't know what I do except run for the kids," said Mrs. Bob Lindsey, the president of Chi Omega's alumnae, who immediately contradicted herself with a list of activities.
 In addition to her duties as the wife of a rancher who is also head

of the Lindsey Land and Cattle Co. and the Canyon Credit Bureau and as the mother of two, she is a member of the University Study Club and the Fine Arts Club and has been president of both. She is also past-president of the Top of Texas District of the Texas Federation of Women's

Clubs and a former member of the board of the Texas Pahrandle Heritage Foundation.
 She has worked with Girl Scouts and been den-mother for the Cub Scouts. A member of First Baptist Church, she teaches a Sunday School class of

sixth-graders.
 Much of her time is devoted to her home, which she decorated herself. Her collection of cut glass, antique sugar bowls and other vintage dishes is on display and, on the walls, are pictures by Harold Bugbee, G. M.

Ward, George Turner, and a John McCarty painting of rancher Lindsey tending a calf in a snow-storm.

In her spare time, she likes to play bridge and said, "I could say I enjoy reading, but I don't ever get to read."
 As a family, the Lindseys all enjoy football and are especially enthusiastic about WTSU games and those played by Canyon Junior High School's team which includes son Bob, 14.

"And, if you live on a farm and ranch, there's always a lot of work."
 "And, if you live on a farm and ranch, there's always a lot of work. Sometimes it takes all help to drive cattle," said Mrs. Lindsey.

"We're all sort of individual," she explained. The younger Bob enjoys golf and riding his motorcycle, as well as football.

Becky Jo, 11, enjoys dancing and is studying ballet at the Neil Hess School of Dance, and also plays the piano.

The children and their father like to play chess.

Mrs. Lindsey has led her chapter in projects to aid Girlstown and the American Cancer Society during her year as president, and is planning for social events for alumnae and actives.

Chi Omega's alumnae gave a salad supper honoring the actives at the beginning of the school year, a faculty coffee for teachers and staff at WTSU this winter, and a Homecoming tea last fall.

Mrs. Bob Lindsey, president of Chi Omega alumnae, is shown with part of her collection of china and cut glass. Pictured are a bowl for oyster crackers, a sugar bowl with a spoon holder around it, and a cut glass fruit bowl.

Bureau Seeks Hearing On Scabies

By ELAINE PEEPLES
 The Randall County Farm Bureau is seeking a hearing before the Texas Animal Health Commission to work out a plan to dip only cattle exposed or infected with scabies.

Cristler Crain of the Farm Bureau said the bureau had received replies to their letter from Congressmen Graham Purcell, Bob Price, Sen. John Tower, and State Sen. Lloyd Bentsen.

Tower wrote he had discussed the problem with the State Animal Health officials and the USDA inspectors and the two agencies agree that scabies did get out of hand and spread as a result of laxity on their part.

Crain said the bureau contends that since the health commission and the inspectors agree it is their fault, the cattle owners should not be expected to correct the problem at the cattlemen's expense.

"We want this thing corrected but indiscriminate dipping for three years is ridiculous," Crain said.

Tower said he would remain aware of the situation.
 Crain said Graham Purcell has been talking to the state health people and is trying to convince them there are other ways of dealing with the problem.

The letter from Bob Price was noncommittal, Crain said. The News attempted to contact Price for comment Friday afternoon.

Bentsen seemed to think the dipping requirements were in the best interest of all segments of the cattle industry and suggested if the bureau had any further

recommendations, they contact the Animal Health Commission.
 Crain said the bureau did not agree with Bentsen's assessment of the situation.
 "We don't mind the inspection nor the dipping of exposed or infected cattle, we need to get rid of these. But we don't agree indiscriminate dipping is necessary," Crain stressed.

want the whole story to come out."
 The Chambers incident referred to an incident some two years ago at Lake Meredith involving WT Security Officer Kenneth L. Chambers.

The Prairie, WTSU student publication, alleged misconduct on the part of Chambers and also accused Hudson of hushing the incident up and keeping

Chambers on.
 Hudson charged that The Prairie attack was leveled after a Prairie staffer was issued a citation by Chambers for parking incorrectly on campus.
 Chambers resigned early last month.

Dr. James P. Cornette appointed a three-member panel to participate in an administrative investigation into matters involving the security department.

Chairman of the panel is Dr. Ronald Huffstutler. Other panel members are Gary Blanchet of Pampa, president of the student body, and Weldon Trice, assistant dean of student life for men.

Dr. Cornette Wednesday said the panel has not yet reported. He said he was unaware at that time that Hudson had been asked to resign.

Hudson has just completed 20 years in law enforcement having served nine years with the Amarillo Police Department and three with Potter County Sheriff's Department before coming here to head up the university security force.

THANK YOU! I enjoyed every minute of the contest, every mile I traveled, every home I visited. I visited in many of your homes for the very first time and I traveled in country that I had not seen. Thank you for your graciousness and your hospitality. And thank you for your support. I feel responsible to write a good column so please call and tell me your news. It is important! Subscription, anyone?

I ALSO MET Mrs. Hawkins. She was locked out of her house. I offered to help her break in, but she didn't think we could, so she settled for letting me take her to the college after her son's key. Enjoyed her!

I VISITED NOAH and Billie Barrett during supper one night and got to see "Little Shane" perform. He is one of those small dachshunds and sits straighter than anyone of my four children. He can really put on a show! Lots of character.

Those enjoying playing games and roasting wieners and eating birthday cake and all the trimmings were Debbie Parker, Susan Cope, Lisa Foster, Lisa Johnson, Janet Foster, Andy Payne, Beverly Wilhelm, and Renea Selvidge.

OUR ANGELIQUE HAD a birthday party Sunday afternoon. Mandi Shipman, Vicki, Todd, Tisha Selvidge, Joanna Hurst, Kay Lynn Stubblefield, Kim Foster and Trisha Har- graves helped her celebrate. Sheri, big sister, took the little girls to the canyons and they played in the sand and the creek and were ready for the cake and ice cream and soda pop when they got back to the house. The chocolate rocking horse birth- day cake had seven candles on it. Sheri made it, too.

HOMEMADE ICE CREAM and cake were served at an all church fellowship Sunday night at the First Baptist Church. Lee Britton sang several songs and accompanied himself on the guitar and also led the group in singing. Larry Hoffman, a fresh- man ministerial student, and former drug user, gave his testi- mony. Both these Wayland stu- dents are from Security, Colo. There was a large attendance in fellowship hall.

THAT THIRD, FOURTH, fifth, and sixth grade choir is practicing every Sunday after- noon. They will have a program in a few weeks, so come and join them.

I HAD IN my notes some- where about a group of mem going fishing. Had the nicest visit with Vesper and she told me about Bob Sims. Bud Smith and Pete McCarley and someone else going fishing at Meredith and on up into Oklahoma last week. But no one called and gave me the fish story.

MY MOTHER RECENTLY wrote my Uncle J. D. a letter telling him a big "fish story" and the letter he wrote back said, "Don't you know the first liar doesn't have a chance?" and he proceeded to tell a bigger and better one. I liked the way he in- troduced the story. Of course, they always have their cameras to prove what they are telling.

JIM HAND CAUGHT two big catfish in our dam Tuesday. IT MAY BE rather semi-climatic, but for you who hadn't heard about the tornadic like winds in Happy last Tuesday, and also all the way out to Way- side, tree limbs were broken and

whole trees uprooted and one house ruined. Duane Stubblefield's back fence blew down. It is a solid board fence built on 4 by 4's set in concrete and some of those 4 by 4's snapped like toothpicks. Eddie Womack lost part of his fence and his air conditioner off the top of his house. Larry Sexton's pipe that holds his T. V. antenna bent all the way to the ground. Doug Bell lost several campers and a camping trailer and almost his garage. Sherman Cox lost his barn and all the gas out of his tank when it overturned; Jackie Pyle lost his front porch so did all the ones who live in that row of houses where the teachers usually live; Tanya and Neil almost lost a car when a big tree fell on it, right in their drive way. Mark and Tricia Hargraves lost their trampoline - it went over Danners House and landed in the Briscoes' yard and is de- molished. Bud Smiths lost a huge evergreen tree. The Bob John- stons lost a big tree. The people who live at the old White place lost a tree. The Curtis McGehees at Wayside spent the day pick- ing up broken limbs and wash- ing mud off their house. Every- one had to clean up. Wallace Motor Company suffered broken windows and roof damage. Don't know what ingredient of a tornado was missing, but let's be thankful one was. I was feeling very secure, because Angelique was at Mary Stubblefield's and Mary has a basement. They were standing in the kitchen when the damage I went down to the base- ment to see Duane printing the Jaycee Banquet programs. He was doing them in two colors and that is quite an interesting opera- tion.

MARY JO GRIFFIN of Sherman Acres who was also in the contest, tells me that she met Mr. and Mrs. F. E. Leslie during this campaign and that they en- joyed reading about people they know in Happy. It was good news and we enjoyed hearing about them also. Hello, Leslies.

MRS. ED WRIGHT was honored with a bridal shower in the home of Mrs. O. H. Rahls, last Saturday morning. We were greeted by Betty Rahls, Lonas Wright, Karen, and her mother, Mrs. George Kollmar. Mrs. Mar- shall (Marty) Gardner, Karen's Sister, registered guests. Miss Sue Wright and Mrs. David Penn served coffee, spiced tea and fresh fruit and rolls, from a beautiful table centered with a bouquet of spring flowers. The corsages were also spring flowers. Out of town guests also included Linda Norman, a friend of Karens, Mrs. Ed Fortenberry of Friona, all three aunts of te groom, and Mrs. Carol McKillip and sons of Altus, Okla. Karen and Ed were married on Mar. 31 in the home of the bride's parents, Dr. and Mrs. George Kollmar of Amarillo. David and Kay Penn were the attendants and Bob Lloyd, Chaplain of High Plains Baptist Hospital, performed the ceremony. Ed and Karen are at home in Canyon until Karen graduates this month from nurses's training in Amarillo.

MRS. SIBLY GILL'S first grade class presented a play on springtime last week. Tonya Geauthreax was "Bluesies"; Shay Freeman, "Springtime"; Kim Foster, "Sunshine" and flowers were Angelique Henry, Kay Lynn Stubblefield, Tami Williams, Rocelia Vandergriff, and Annie Venhaus was the white rabbit and David Walker, the frog. Blue Birds were Tisha Selvidge and Noel Danner and Robins were Joanna Hurst and Todd Bryan. That terrible freez- ing breeze was Casey McBroom and was he bad! The children who concluded the play were the rest of the first grade class. Everyone was in it. The cos- tumes were authentic and the stage setting was really good! I would not have thought such a production possible by so young a group, but it was really good. And that isn't just a mother's opinion.

THE ATHLETIC BAN- QUET was held at Happy High School Cafeteria last Friday night. The boys and girls basket- ball teams, football team, volley- ball teams, tennis teams, and track teams were recognized. No trophies or anything were given at this time. A near capacity crowd attended.

SATURDAY NIGHT MUST have been Al's night off. He catered both the Junior-Senior Banquet at the school cafeteria and the Jaycees Banquet at the Jaycee Hall.

THE GAY 90's was the theme of the Junior-Senior Ban- quet. Food was served from a sidewalk cafe surrounded by brick walls and they ate at card tables covered with checkered table cloths and lighted by can- dles. Favors were mustaches for the boys and garters for the girls. The servers wore vest and mus- taches and their hair parted in the middle. Don Lee welcomed everyone and Jim Whitlow re- sponded. Eddie Wilson pro- nounced the invocation. Fried chicken and all the trimmings was the main event. A Barber Shop quartet composed of Tim McNeill, Bobby Moudy, Greg Looney and Jerry House sang "Walking Through the Park One Day" and other songs from the Gay Nineties. The Class History was read by Walter Stubblefield. Steve Cole read the Will. Jim Whitlow presented gifts to Coach Lee and Mrs. Sherry McDowell, their sponsors, and to Mrs. Sherry Walker, who had spon- sored this group until this year. Sheri Henry, Debra Jackson, and Vicky Wilson presented the prophesy in skit form. And the seniors bade "Farewell".

TUESDAY NIGHT, THE Methodist Church group entertained the Happy Seniors in Ceta Canyon. They played volleyball, ate hot dogs, etc. and home made ice cream and cookies. Then played volleyball some more, ping pong, swung, hiked, and swam at first falls. They came in wet, sandy and happy. Must have been fun! Sponsors from the Methodist Church were Margaret Middle- ton, Hope and Ervin Wilson, Mary and Charles McCaslin and girls, LaVenna Jackson, Barbara and Ken Danner and the Methodist past and his wife.

BACK TO JUNIOR High, the boys went to District Track Meet in Vega on Tuesday of last week. In the 440 relay, Gui Walt Via, Eddie Jo Pearson, J. T. Hen- ry and Steve Hawthorne won fifth; J. T. Henry won fifth in the 100 yard hurdles; Steve Haw- thorne and Eddie Jo Pearson tied for third in the high jump; and Steve Hawthorne won sixth in the 220 yard dash. That was seventh grade. In the eighth grade, Ricky House won fourth in the 880 yard race; Brent Morri- son won sixth in the shot; and Bob Cole won second in the broad jump.

THE HAPPY JAYCEES and Happy Jaycee-Ettes held their first joint installation last Saturday night. Les Fithen of Amarillo, a National Director, was Master of Ceremonies. Norman Freeman led the pledge of Allegiance to the flag. Jeff Smith, Incoming State Vice

President led the invocation. Fried chicken was served. Bob Pulsipher, one of our new city commissioners welcomed the guests. And Les Fithen recog- nized all out of town guests and asked them to introduce their group. Vega, pahhandle, Borge, Tulia, and Claude were re- presented. Joy Freeman presented Feather Your Cap awards to Sara Tiry and Jeanne Johnson; Feather Your Cap and Hopping Hen awards to Della Venhaus, Kay Venhaus, Judy Shipman and Dottie Foster; and Feather Your Cap, Hopping Hen and Have Your Say awards to LaVenna Jackson and Skip Simons. The Outstanding Jaycee-Ette award, a silver tray, went to Kay Venhaus. Skip Simons who had only one vote less also received a gift. Joy presented Sara Tiry, the in- coming President a gavel, and Gay Fellers a gift of apprecia- tion and Thank you for all her help. Joy summed up the year by telling that Jaycee-Ettes had thirty seven projects of aide of Jaycees, twelve civic projects, and twenty six other Jaycee-Ette Activities. She thanked all for their help. Sara Tiry presented Joy a plot of "new grass" and an engraved silver tray for her year of service. Norman Freeman, re- tiring Jaycee President pre- sented the Jaycee awards. Bill Whitlow, Mike Starker, and Dean Bryan won spoke (first year) awards Gene Shipman, Vincent Venhaus, Ronnie Johnson, George Tiry, Lloyd Rahls, Dick Foster, Ace Malone, Lupe Garcis, Lloyd Venhaus, Harold Starkey, and Norman Freeman won Spark Plug Swards. Everyone enjoyed him. The Women of the Year from each club were intro-
